First County Fair Session Set Saturday

Harness Races, Talent Contests Are Slated; Judges Begin Monday

Marion County's 104th fair opens Saturday at the Fairgrounds. Activities during the first two days will be limited mainly to preparing exhibits, booths and livestock for the judging which begins in full swing Monday.

Harness racing is scheduled for opening night. The pacers and trotters will engage in four races of two heats each, then take a rest until Monday and Tuesday nights when more races are again on tap.

All exhibits and livestock must be in place by 6 p.m. Saturday night. Entries for the livestock division closed last Saturday.

Record Entry

A record number of livestock entries has been entered. Don Clements, president of the fair board, said today there were between 1,300 and 1,400 animals entered in all classes.

That compares with the 900 to 1,000 head entered in the 1953 fair, which also set a record. Clifford Campbell, fair secretary, had received 1,200 entries at midnight Saturday, closing date for the entrants, but more came in by mail during the first part of the week.

The Ohio Shorthorn show has drawn about 125 head from all parts of the state.

The largest entry in the poultry and rabbit class ever recorded has also been received. It doubled the number of entries last year.

Clements said the large number of livestock entries would force the fair board to erect extra tents to house the animals.

Sunday, public church services will be held for the benefit of those arriving early at the fair and for those who remain on the grounds during the night. They are scheduled to begin at 11 a.m.

Station WLW will present its Midwestern Hayride program twice Sunday, with a matinee performance at 2:30 in the afternoon and evening show at 8 p.m.

Judging Scheduled

Monday, livestock judging, highlight of any fair, will begin with animals in the sheep, poultry, and dairy cattle classes. Only dairy cattle not to be judged Monday are the Holsteins which will be judged Tuesday.

Mule races will return to the fair this year. They were popular in past fairs and are being returned to the program for Saturday, Monday, and Tuesday nights. The races will be run between heats of the harness races.

More judging will be done Tuesday with the Holsteins, beef cattle, and swine being graded. For the women, a nutrition review will be presented in the morning at 10:30 and a style review given in the afternoon at 1:30. Both

Mundt's Group Still Gropes for Probe Verdict

WASHINGTON (AP)—Two months and three days after the windup of the McCarthy-Army hearings, the senators who conducted the inquiry said today they still have not agreed on a verdict.

One of them, Sen. Potter (R-Mich), announced he intends to leave behind his own statement of findings and head for Europe Sunday if he and the other six members of the Senate investigations subcommittee fail by then to agree on what the 36 days of public hearings showed.

Potter already is on record as declaring he believes the hearings proved the main charges flung at each other by Sen. McCarthy (R-Wis) and top Army officials which touched off the inquiry.

Secretary of the Army Stevens and Army counselor John G. Adams accused McCarthy and former subcommittee counsel Roy M. Cohn of improperly seeking favored Army treatment for Pvt. G. David Schine, a subcommittee aide who was drafted. McCarthy and Cohn alleged Stevens and Adams tried to use Schine as a "hostage" to sidetrack McCarthy's search for reds in the Army.

Potter spoke in an interview after Sen. Mundt (R-SD), chairman for the inquiry, had voiced concern that the Michigan senator's overseas trip might force a halt in the subcommittee's verdict-writing meetings until his mid-September return. Mundt is pressing for a windup.

Potter said "my own individual statement of views will be ready" before he leaves, but that he sees no reason why the subcommittee can't complete the report before his departure. "I predict we will," he added.

'DOG HERO OF HEROES.' Tang, 65-pound collie, sits with his mistress, Mrs. Maurice L. Dyer of Dennison, Tex., who holds plaque awarded the dog at Chicago as "America's dog hero of heroes for 1954." Along with title and plaque, Tang received $1,000 in U.S. saving bonds, gold medal, gold-plated leash and collar. Tang is credited with saving four small children from possible death by pushing them from the path of automobiles.

France Holds Key

Crucial Hour Near For EDC Decisions

BRUSSELS, Belgium (AP)—French Premier Pierre Mendes-France today reached the time of decision on whether compromise is possible in his dispute with France's five European army allies over the shape of their proposed military pool.

The United States, opposed to changes in the projected treaty, appeared to be taking a hand. U.S. Ambassador Frederick M. Alger Jr., arranged to confer with Mendes-France this afternoon. Nothing was divulged on the purpose of Alger's visit, but the Army project is a keystone of U.S. policy in Western Europe.

Two long sessions of the six nations' foreign ministers yesterday confirmed the two hostile points of view. Mendes-France told the parley the European Defense Community plan as presently drawn stood no chance of ratification by his Parliament. West Germany's Chancellor Konrad Adenauer turned down French proposals for turning EDC into a looser military coalition.

Belgian Plan Studied

Today's talks centered on a Belgian plan which would permit the ministers to break off their meeting without formally admitting downright disagreement, and without taking final action on the French proposals.

The main objective for Germany, Italy, Belgium, the Netherlands and Luxembourg was to save the EDC treaty in its present form. Mendes-France insisted only the amendments he has proposed could win his Parliament's approval for the treaty.

At best, the conference promised a bad setback for Western policy. Led by the United States and Britain, all the allies except France have united in deeming West Germany's speedy military contribution essential to their defense against the threat of Communist aggression. EDC was designed as the safest way to put the West Germans back into uniform and at the same time guard against a revival of the German militarism.

Face Saving Proposal

Belgian Foreign Minister Paul-Henri Spaak proposed yesterday a face-saving end to the meeting, which was scheduled to wind up tonight. But it would give little satisfaction to Mendes-France, who says he favors German rearmament and a European organization but not in the form prescribed by the European army treaty signed 27 months ago.

Spaak, Adenauer, Dutch Foreign Minister J. W. Beyen and Luxembourg Premier Joseph Bechned maintained they can accept no changes which would require new action by their parliaments.

Europe Needs German Arms, President Says

WASHINGTON (AP) — President Eisenhower told Congress today a firm defense of Western Europe against Russian attack will be impossible without German troops to bolster the line.

In a report on the government's foreign aid program during the first six months of this year, Eisenhower again appealed to France and Italy to approve the European army project which would make it possible to add German manpower to Europe's defenses.

"The EDC (European Defense Community)," he said, "offers the best solution for the difficult problem of integrating German armed forces into the European defense system.

"No measures to defend free Europe from Soviet aggression can

Teenagers' 'Fun' Over

'Thrill Killers' Turn Sick At Sight of Victim's Body

NEW YORK (AP) — Brooklyn's four thrill-killing teen-agers, once boastful about their deeds of violence, turned sick and shaken from the sight of one of their hapless victims.

The "fun" was over for Jack Koslow, 18-year-old leader of the brutal foursome. He wept when confronted yesterday with the battered, water-soaked body of a Negro victim and told detectives, "I feel sick."

Bragged of Brutality

It was Koslow who two days earlier had allegedly given police details of this slaying and other savage attacks of the night before. At that time he told them:

"Last night was a supreme adventure for me."

One by one the four youths were brought onto a Brooklyn waterfront pier to identify the body of Willard Menter, 34, who ran afoul of his killers in a Brooklyn park Monday night.

Police knew nothing of the slaying until after the four youths were arrested early Tuesday on an assault complaint and told of beating a man, burning his feet with cigarettes and throwing him into the East River. Police began dragging the river and yesterday recovered the body. An autopsy showed he drowned.

Tough Guy Whimpers

Koslow, lean and mustached, was the first to be shown the bruised and bloated figure stretched out on the pier. He turned pale and whimpered:

"Yes, that's the man. Take me away from here before I faint."

Brought to the scene next was husky Melvin Mittman, 17. His muscles bulged under tight dungarees and polo shirt as he stood looking down on Menter's corpse. In a strained and tearful voice he said he recognized the man.

"Yes, yes, that's the man. We threw him into the river."

Police reported only two days ago that Mittman had told them he liked to pummel the gang's vic-

Sheppard Pleads Innocent At Cleveland Arraignment

Congress Set To Wrap Up Session Today

Speedy Action Taken On Final Legislation As Debate Is Cut Short

WASHINGTON (AP)—Congressional thoughts roamed to vacationland, home and campaign politics today as Senate and House entered what just about everybody said would be the last day of the session.

All the really big, controversial bills were out of the way—passed or pigeonholed — and a couple of "must" items still left didn't loom as barriers to a speedy adjournment.

'Must' Business

The day's "must" business was:

1. A measure to expand and liberalize old age pensions under the social security program. Senate and House have passed differing bills, and a conference committee, meeting today, hasn't yet worked out a solution. The major issue: whether to bring 3,600,000 farm operators and a half-million professional people into the system. A speedy compromise was forecast.

2. A bill to boost government wages. The House has passed a 7 per cent pay hike measure for postal workers, but without postal rate increases and post office reorganization overhaul authority the administration wants. The Senate Post Office Committee has offered a version to hike wages 5 per cent for both the half-million postal workers and the 1½ million civil servants in other government departments.

Early Action Seen

While the outcome was in doubt as the Senate took this up, a unanimous-consent agreement to limit debate assured a verdict there wouldn't take long.

Seventy-eight-year-old Sen. Neely (D-WVa) complained in a loud voice to fellow senators last night that they'd spent altogether too much time talking so far. Pointing to two thick stacks of the Congressional Record, he shouted that his colleagues "are guilty of talking senators to death — we've talked three or four to death this session."

The Senate sent to the House 79-0 yesterday, and the House to the White House 265-2, a much-tossed-about bill to strip the Communist party of legal rights and take away labor law privileges from Communist-infiltrated unions.

Final Money Bill Passed

Also passed by House and Senate and given to the President for signing: a $5,243,575,795 appropriation to run the foreign aid program for the year. This was the last money bill on the docket.

The House also completed congressional action on a bill to apply the same promotion system to reserve officers as now covers regular military officers.

Farm Workers Put on Bill for Social Security

WASHINGTON (AP) — Senate-House Conference Committee reached agreement today on a compromise social security bill extending coverage to more than 10 million additional persons, and raising benefits and the taxes to pay for them.

The bill, last major piece of legislation holding up adjournment of Congress, was to be rushed to the House floor for expected quick passage at noon (EDT), then sent to the Senate for final congressional action.

The conferees settled their major difference by agreeing to put under compulsory coverage 3,600,000 farm operators as asked by President Eisenhower.

The Senate and House versions of the bill were in general agreement on new benefit scales and on raising the tax base from $3,600 to $4,200. Their only major difference lay in just which additional workers should be covered by the legislation.

POSTMASTER CONFIRMED

WASHINGTON (AP)—The Senate has confirmed President Eisenhower's nomination of John Chester Ward as postmaster at Mount Vernon, Ohio.

IKE KICKS OFF BID FOR REPUBLICAN CONGRESS. President Eisenhower waves to crowds from the governor's mansion in Springfield, Ill., where he later made his opening bid for re-election of a Republican congress in November. With him are Illinois Gov. William Stratton (left) and Gov. George Craig of Indiana. The President teed off on Democratic depression forecasts by saying that the country is "sick and tired of . . . the clack-clack of the prophets of doom."

Opens Campaign

Eisenhower Flays 'Prophets of Doom'

WASHINGTON (AP)—President Eisenhower says administration critics forecasting a depression are pursuing "crooked-fence economic politics" — and aides said today this means he intends to fight hard to tighten Republican control of Congress.

Democrats quickly replied to Eisenhower's latest pat on the back for the GOP-run 83rd Congress with notice they are ready to wage the November election battle on the issues of the administration's tax, farm, labor, power and business policies.

Rips Critics in Speech

The President hit at critics in a speech at the Illinois State Fair in Springfield yesterday. Then he flew on to Evanston, Ill., for another, quite different kind of address.

In that solemn talk at the Assembly of the World Council of Churches at Northwestern University, Eisenhower declared the cause of peace in the world "needs God." He voiced faith "certain wondrous results could ensue" from worldwide prayer for international tranquility.

In his Springfield speech, Eisenhower said that while Republicans have been at work—successfully, he added—on the administration's legislative program, "there have been sitting on the sidelines, of course, the prophets of gloom and doom" on the economic outlook.

Refers to Democrats

He mentioned no names, but obviously was alluding to Democratic critics who have contended the administration was leading the nation into a depression.

One such critic is Sen. Paul Douglas (D-Ill), whose November opponent, Joseph T. Meek, sat on the platform with Eisenhower.

Eisenhower said Abraham Lincoln once told a story about a farmer building a fence so crooked that every time a hog bored through it he found himself on the same side from which he started.

"Now these economic prophets of doom have been building up a lot of fences of what they called economic statistics," Eisenhower said with a grin, "but every time they bored through them, they still find themselves on the side of pessimism and depression.

"It seems to me lately that they would like to forget the whole thing, and I think all of us are getting rather tired of crooked-fence economic politics."

That speech was the President's personal kickoff of a cross-country tour in the weeks to come in an effort to increase the number of Republicans in the Senate, where they outnumber the Democrats by only one, and in the House, where their margin is five.

He spent about 13 hours away

Postal Rate Boost Blocked in Senate

WASHINGTON (AP)—The Senate today defeated 55-16 an effort by Sen. Knowland (R-Calif) to tack a postal rate boost onto a bill to raise the pay of more than two million federal workers by an average of 5 per cent.

Knowland, the Republican floor leader, told the Senate President Eisenhower could be expected to veto the bill unless there was a postal rate increase to offset in part the cost of the pay rise.

Knowland had been a breakfast guest of the President this morning.

Some Democrats nevertheless hooted at the idea the President might veto the pay raise.

942 Voter Registrations Recorded in Rural Area

A total of 942 eligible voters registered in 15 rural precincts Thursday, the Board of Elections reported today. Estimated number of eligible voters in these 15 precincts is 3,784.

Registration will continue Saturday and Wednesday from 10 a.m. to 2 p.m. and 4 to 9 p.m.

Number of persons registered in the individual precincts Thursday were: Bowling Green Township, 95; Caledonia village, 64; Claridon Township North, 32; Claridon Township South, 61; Grand Township, 40; Grand Prairie Township, 49; Green Camp Township, 54; Green Camp village, 66; Montgomery Township, 89; Morral-Salt Rock Township, 86; New Bloomington-Montgomery Township, 53; Scott Township, 70; Tully Township, 48; Waldo village, 76; and Waldo Township, 59.

No Bail Asked As Attorneys Change Plans

Defendant Displays No Emotion, Returns Immediately to Cell

CLEVELAND (AP)—Dr. Samuel H. Sheppard pleaded innocent at his arraignment today and his counsel in a surprise move made no request for bail.

William J. Corrigan, head of the defendant's legal staff, previously said he would ask Common Pleas Judge Arthur H. Day to set bail or call a hearing on the matter.

Brushes Off Questions

Corrigan made no mention of the matter at the arraignment, however. Queried by reporters, he snapped:

"No comment. I'm not trying this case in the newspapers."

Dressed nattily in a charcoal grey suit, Dr. Sheppard was accompanied by Corrigan and his co-counsel, Fred H. Garmone, when he stepped before the bench to enter a plea to the first degree murder indictment.

After the indictment was read, Garmone said simply: "Not guilty, your honor."

Sheppard Emotionless

Dr. Sheppard, who showed no sign of emotion throughout the 20-minute proceedings, was returned immediately to his cell in the county jail.

The 30-year-old osteopath was indicted on first degree murder charges Tuesday in the hack-slaying of his wife, Marilyn, last July 4.

Corrigan had reported he would call a "number" of witnesses if the bail hearing was granted, but declined to say if he intended to put Dr. Sheppard on the stand.

Only a small group of spectators, including members of the Sheppard family, were present at the hearing.

Reserves Right To Change

Corrigan told the court he reserved the right to withdraw the defendant's plea for the purpose of filing motions or pleadings attacking the indictment.

A trial date is expected to be set next month when the fall term of court opens. The trial probably will not start until some time in October.

Sheppard was out on $50,000 bond for one day, before the indictment was returned and he was rearrested.

Ohio law prohibits the granting of bail to defendants charged with first degree murder if a "presumption of guilt exists." While Corrigan has said no presumption exists in Sheppard's case, Asst. County Prosecutor John J. Mahon asserted that indictment by a grand jury constitutes presumption of guilt.

Dr. Richard Sheppard, the accused man's brother, said Sheppard would be willing and anxious to testify in his own behalf. Sheppard's story, told to police and at a public inquest, is that a prowler murdered the Bay Village socialite while the doctor was sleeping on a downstairs couch. Sheppard says he was later injured while fighting with the intruder, on the July 4 morning.

Receive Crank Letters

Dr. Richard Sheppard said the family had received a number of crank letters, or letters from persons offering to "confess to the crime" for sums of money.

Cleveland Heights police reported yesterday that one of the letters, substantiated by Dr. Sheppard, came from James Howard Lett, arrested in connection with an extortion threat against Miss Kay M. Halle, department store heiress.

Detective Capt. Charles Ruff of the Heights suburb said Lett admitted mailing two letters to the Sheppard family.

Boy Confesses Attack Slaying Of Toledo Girl

Youth Admits Assault Was Premeditated; Implicates Boy, 12

TOLEDO, Ohio (AP) — A gaunt 17-year-old youth has admitted he raped and stabbed Mary Jolene Friess, the attractive auburn-haired high school girl whose nearly nude body was found in a lonely woods near here last Thursday, Lucas County police said today.

Her face slashed and her body battered, the 17-year-old coed was discovered after she failed to return home from a trip to her rural mailbox.

She had been dragged from her bicycle. Her pink blouse and blue denim shorts were torn and doctors said she had been raped.

Detective Capt. Alfred Bartcowiak of the sheriff's office said the youth, Bernard Schreiber, admitted the killing and implicated a 12-year-old companion. The younger boy later was taken to police headquarters and admitted his part in the crime, officers said.

Sheriff William Hirsch said Schreiber will be formally charged today.

Bartcowiak said Schreiber told this story:

The two boys noted the Monday before the slaying that the girl came to a rural mailbox to pick up mail. They decided then to attack her.

He and the younger boy hid in weeds near the mailbox and when the girl passed the 12-year-old leaped from the weeds and hit her with a club.

The girl bolted into the woods,

Addresses World Council

President Urges Church To Show Way to Peace

EVANSTON, Ill. (AP)—President Eisenhower's fervent plea to the world's spiritual chieftains to lead the way to a just and lasting peace drew an approving "amen" from churchmen today.

He laid his show-the-way challenge before representatives of 170 million Christians yesterday at a session of the World Council of Churches.

It was greeted with applause.

Express Reactions

Clergymen and laymen attending the convention later told newsmen of their reaction to Eisenhower's speech—including his appeal for a prayerful campaign for peace that could result in a global day of prayer, his public profession of faith and an invitation to criticize government "in the light of religious ideals."

A half dozen or more used terms such as "wonderful" and "very good."

Bishop Otto Dibelius, leader of German Protestantism, appraised it as a "very remarkable speech," and added:

"It comes from the depths of the heart and is very much welcome by the members of this assembly."

18,000 Hear Speech

The President addressed a multitude of 18,000 men, women and children who sat or stood in Northwestern University's Deering Meadow. In the audience were representatives of 163 denominations in 48 countries who are in the midst of a 17-day conference.

Eisenhower spoke of a campaign for "a just and lasting peace," and added:

"I believe that you spiritual leaders of a great world organization, together with your brethren of other faiths, can lead the way.

"The goal should be nothing short of inviting every single person in every single country of the world who believes in the power of a Supreme Being to join in a mighty, simultaneous, intense act of faith.

"That act of faith might take

Woman Found Innocent

Mrs. Louise Bianchi of Upper Sandusky was found not guilty of a petty larceny charge in Marion Municipal Court Thursday.

She was arrested June 7 and accused of shoplifting $23 worth of merchandise from the W. T. Grant store on W. Center St.

In his finding yesterday, Judge W. Dexter Hazen ruled she was "not guilty by reason of temporary incompetency" and remanded her to the care of her physician.

Wedding Ring Pawned To Buy Murder Knife

BIRMINGHAM, England (AP) — Mrs. Elsie Nolan, 34, pawned her wedding ring to buy a carving knife.

And with that knife, police told a court here, she stabbed her husband to death as he slept because he kept her short of housekeeping money.

Magistrates ordered her to stand trial for murder. She pleaded innocent.

REGISTER AT GALION

GALION — Enrollments are now being received at the Galion Day Child Care Center for children to attend the fall session. This announcement was made when the Advisory Council of the center held its monthly luncheon meeting Wednesday at Hotel Talbott. OHIOAN SUED FOR LIBEL

SAN FRANCISCO (AP)—A $1,700,000 libel suit against Rep. Wayne L. Hays (D-Ohio) and the National Broadcasting Co. was filed in federal district court here yesterday by Aaron M. Sargent, Palo Alto attorney. He claims he was slandered during an American Forum of the Air broadcast released Aug. 8. The program was based on a committee hearing in Washington last May 24-28 which investigated tax exempt foundations. Sargent appeared before the group at that time. Hays was a committee member and also appeared on the broadcast.

'NO COMMENT' IRKS RHODES

SPRINGFIELD, Ohio (AP)—James A. Rhodes, Republican candidate for governor, yesterday called for an end to Democratic Gov. Frank J. Lausche's "no comment" to the press on charges Rhodes has made about Lausche's administration. He accused Lausche of "covering up" his four terms in office by refusing to comment on Rhodes' charges. Among other items, Rhodes has attacked Lausche's handling of the state highway program. Rhodes addressed the Clark County Republican organization.

Heat, Ventilation Business Reopened

Reopening of the Davis Heating and Ventilating shop at 486 Windsor St. was announced today by John Davis, owner and manager.

The shop was closed two years ago after Davis suffered a broken neck while working on a project at Dayton. He later was employed in the Marion department of sanitation and was appointed department superintendent about a year ago.

In announcing reopening of the shop, he said that Harry Reynolds of Prospect will be in charge of installation. All types of sheetmetal work will be undertaken, Davis said.

Commissioners Approve Building of New Bridge

Marion County commissioners Thursday authorized the county engineer to contract for the construction of new concrete abutments and a concrete superstructure on a bridge on County Road 26 over the Noblet Ditch in Tully Township.

Estimated cost of the improvement is $9,991. Engineer Reed Ours, in requesting the improvement, told commissioners the replacement was necessary due to the present steel trusses and stone abutments being in poor condition for present traffic conditions.

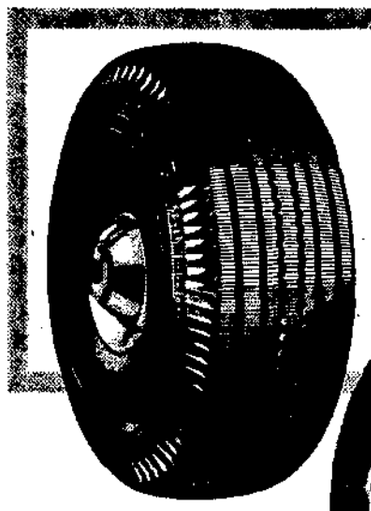
—AND WE'RE ALL SET TO GIVE YOU

1. PROMPT, EXPERT TIRE SERVICE
2. THE BEST IN TIRES, BATTERIES, AND AUTO NEEDS



We can equip your car with famous B. F. Goodrich "LIFE-SAVER" Tubeless Tires that seal punctures, protect against blowouts, and now defy skids, too!

Here is the first answer to all three tire hazards. The new tread of the B. F. Goodrich "Life-Saver" Tubeless Tire is designed with over ten thousand tiny "grip-blocks" so closely spaced you can hardly see them. These "grip-blocks" give you a caterpillar action. On wet pavement the tire stops up to 20% quicker than conventional tires and has up to 40% more traction. Because the "grip-blocks" give a walking action, you get an additional 15% more mileage. The new tread actually wipes a *wet* road so *dry* you can light a match on it.

B. F. Goodrich SILVERTOWN TIRE

We can equip your car with the famous B. F. Goodrich Silvertown tires — the same tires used by leading automobile manufacturers for new cars. Tough cold-rubber tread gives long wear.

B. F. Goodrich DEFIANCE TIRE

Here you can buy B. F. Goodrich Defiance tires. This tire gives you top performance at a low cost. Ideal for early model cars. Defiance tires have the B. F. Goodrich Lifetime Guarantee.

B. F. Goodrich WINTER TRACTION TIRE

We have the famous winter traction Silvertown. It has a radically different, scientifically designed tread. The new flexible cleats act as lugs to penetrate mud and snow. This tire is ideal for good roads, bad roads or no roads at all.

STOP IN TODAY!

We will give you free tire inspection, remove glass and nails. Our trained personnel will make appraisals and recommendations for longer mileage.

Rubber Shoes Bad, Chinese Jail Suppliers

HONG KONG (AP)—The Chinese Communists have imposed prison sentences and fines on persons accused in Tientsin of supplying several hundred thousand rotten rubber shoes to Red soldiers in Korea.

The case, described as the "law-breaking case of 18 private rubber goods factories of Tientsin," broke into the Red press last year. Reports said the shoes came apart on the soldiers' feet in the field.

A preliminary investigation showed, said Peiping, that the rubber had been adulterated, poor chemicals used causing the soles to part from the uppers, fats were substituted for rubber, formulas were tampered with, contracts were fulfilled late or were not fulfilled at all, and outdated materials used.

Managers and a few government officials were brought to public trial. They were also accused of robbing the state of about $100,000 throuh diversion of good rubber and good canvas to their own use.

The plants apparently were trying to stretch inadequate rubber, canvas and chemical stocks to meet target quotas assigned them that were too big. At that time—1951-52 — a prime sin in China was to fail to make target in a vital industry.

The frist fort in Michigan was built by the French explorer La Salle at St. Joseph in 1679. He named it Fort Miami.

Norwegians Nab Crackpot Counterfeiter

TRONDHEIM, Norway (AP) — A crackpot counterfeiter who made more than five billion kroner in fake Norwegian currency was behind bars today because he wanted to make music too.

Police refused to name him, saying he was mentally deranged and they would ask a court to commit him to a mental institution.

The money-maker was arrested yesterday in the nearby village of Selbu after he mailed an order for a harmonica to an Oslo dealer in musical instruments. He enclosed a 50-kroner note from his own press.

The sheriff at Selbu rounded up the culprit and also his printing production. When police finally finished counting last night. The total came to 5,004,074,610 kroner —$714,856,388 worth had it been real.

Experts said most of the bills were faithful replicas of genuine notes, ranging from 5 to 1,000 kroner denominations. But there were such fanciful productions as a billion-kroner bill, four million-kroner notes, and a few decorated with small poems to an unidentified girl.

Water Show Scheduled For Galion Pool Sunday

GALION — Residents of this community will have the opportunity of seeing a second water show in the new swimming pool at Swiss Village, east of Galion. The show is slated for this Sunday at 4 p.m., according to announcement by Joseph A. Urban, proprietor and owner. The show will be free to the public, but seats will be held for members and guests or those who call 3-5781 from 8 a.m. to 3 p.m. or 3-2716 from 3 p.m. to 9 p.m.

Six bathing beauties and two young men will present the show which will feature swimming and boating, water safety and rescue demonstrations. The show is sponsored by Barbara Ritchey of the Galion Red Cross chapter and will be presented by Water Safety Director Everett Miller of the Richland County Red Cross chapter and his troup. Performers will be the Galaqua Club of Galion, directed by Mrs. Ritchey. Miller's group consists of two young men, Carl Raser and Philip Stirtzinger, and six bathing beauties, Misses Lou Noser, Pat Kibler, Carolyn Kendig, Janet Weaver, Sandra Stricker and Elaine Eller.

The swimming pool is adjacent to an artificial lake which covers three acres. These and the Swiss Village Motel are on a 17-acre parcel of land on Route 30-S, east of Galion.

Comedian Pat Patrick Found Dead in Auto

NORTH HOLLYWOOD, Calif. (AP) —Comedian Pat Patrick, 40, who originated the role of Ercil Twing on the Edgar Beren radio show, was found dead yesterday in his parked station wagon. Police said a vacuum cleaner hose led from the exhaust pipe to the interior of the car.

He had appeared for the last eight years in a night club near here. His widow Lani said she knew of no reason why he should take his life. They had two sons.

REGISTRATION DAYS SET

COLUMBUS, Ohio (AP)—Secretary of State Ted W. Brown issued a proclamation today calling attention to the deadline for registration of voters for the Nov. 2 general election. The deadline is Sept. 22. He proclaimed the period from Sept. 1 to Sept. 22 as registration days.

Bank Confused by New Paycheck, Cashes Stub

PASADENA, Calif. (AP) — This city's new paychecks, which have a stub similar in size and shape to the check itself, caused consternation in a local bank.

City Controller O. A. Dietrich told the city staff session yesterday he had received a hurried call from the bank. An official asked him to send an employe back to the bank.

"We find we have cashed his stub," Dietrich quoted the official.

Indians' Streak Ends at 9 as Detroit Wins Nightcap

Feller Cops 11th in Opener; Aber's 6-Hitter Tops Garcia

BALTIMORE (AP) — Righthander Art Houtteman tonight gets the chance to start the Cleveland Indians auspiciously on their 19-game road trip, the Tribe's last major trip away from home. He faces Joe Coleman as Cleveland's league-leading Indians open a three game series with the Baltimore Orioles.

Houtteman will be seeking victory No. 13 against six losses, while Coleman is after his 11th victory against 14 defeats.

A split of a double header yesterday with the Detroit Tigers left the Indians but 2½ games ahead of the New York Yankees, who beat the Philadelphia Athletics in a single game, 8-5.

Bob Feller hurled his 260th major league victory and rookie outfielder Dave Pope slammed a two-run homer to highlight the first game, which the Tribe won, 4-3. But in the second, the Tigers roared back with 14 hits off three Cleveland pitchers for an 8-2 shellacking that spelled the end of a nine-game Indian winning streak. It was the Tiger's only victory in the four-game series.

Feller's triumph was his 11th this season, compared with two defeats. He gave up eight hits in eight innings and needed help from reliefer Ray Narleski who put the Detroiters down in order in the ninth.

Pope's wallop and another homer by Vic Wertz accounted for three of the Cleveland runs. Ray Boone homered with one aboard for the Tigers.

In the second game, Al Aber, once a Tribesman, limited the league leaders to six hits. Sam Dente singled in one of the Cleveland runs, a deed he also had accomplished in the first game, and Vic Wertz accounted for the other with a home run.

Mike Garcia, Don Mossi and Bob Hooper were the Cleveland pitchers. Garcia left the game in the fifth with four runs charged against him. It was his sixth loss against 15 victories.

A three-run homer by Bob Nieman stood out in the Detroit second game offensive.

Yesterday's Stars

BATTING — Nellie Fox, Chicago White Sox, hit a double and three singles in four times at bat and drove in the winning run in Chicago's, 4-3, victory over Baltimore.

PITCHING — Ruben Gomez, New York Giants, pitched his fourth shutout of the season, a seven-hitter, as New York beat Philadelphia, 5-0.

G & G Captures Championship in Pony League

THE G&G HOMES SQUAD, 1954 Pony League champions, is shown above. Team members are, kneeling, left to right, Bob Smiley, John Lyons, Donnie Conkle, Bob Claypool, Bob Simmons, Gary Roberson and Willie Anderson, bat boy; and standing, left to right, Ted Anderson Sr., manager, Ted Anderson Jr., Bob Middleton, Bob Lister, Joe Welty, Jim Anspaugh, Tom White and Francis Welty, assistant manager. The G&G squad became Pony League champ when it won both rounds of play from Alloy. Not present when the picture was taken were Jerry Griffiths, Larry Walters and Ronny Walters.

Cincy Wins Pair, Moves Into Fourth

ST. LOUIS (AP)—The Cincinnati Redlegs, blowing hot and cold ever since the All-Star game, have again blown themselves into a fourth place tie with the Philadelphia Phils in the National League race.

The Reds went into the first division by taking the Chicago Cubs in a double header yesterday, 7-0 and 6-3. The Reds had suffered a double defeat at the hands of the Chicagoans Tuesday.

The Reds shelled 24 hits in the two games, 13 of them in the nightcap, while the Cubs collected 14.

Karl Drews, permitting but six hits in the opener, went all the way for the first time this season. Art Fowler overcame a shaky start to post his 10th win and fourth against Chicago in the nightcap.

Ted Kluszewski's 36th homer and Bobby Adams's two consecutive triples made the going easy for Fowler.

Adams proved a terror for the Chicagoans in the three games he played in the Windy City he made nine hits, three of them triples. However, his successive three-baggers yesterday, in the second and fourth innings, would have been singles but for defensive lapses by Cub outfielders.

Jim Greengrass, who went hitless in eight trips in Tuesday's encounter, drove in three runs in the opener with a pair of singles and a double. Kluszewski's round-tripper produced three runs in the nightcap's opening inning.

Jim Davis, a rookie lefthander who suffered his fifth defeat, gave up two runs in the first inning of the opener on three Cincinnati hits, one a double by Gus Bell. The Reds moved to a 4-0 advantage with two more runs in the fifth. The first of these came on consecutive singles by Adams, Roy McMillan and Bell. Then Roy and Gus pulled a double steal, McMillan scoring.

Favorite Falls From Caddies' Golf Tourney

By FRITZ HOWELL

COLUMBUS, Ohio (AP)—Four 17-year-olds went into the 36-hole semi-finals of the $5,000-scholarship ninth annual Caddie Golf Championship today, and it looked like a wide-open race.

The draw sends Rino Della Flora of Columbus against Dick Burgoon of Harribsurg, Pa., and Eugene Borek of Yonkers, N. Y., against Gene Cardi of Columbus.

Della Flora and Cardi, who helped Aquinas High School win the Ohio four-man scholastic championship the last two years, manufactured the big upsets in yesterday's quarter-finals.

Cardi, the Buckeye junior champion who still has a year of high school play left, came from three behind at the turn to take a 19-hole victory over John Chimienti of Harrisburg, Pa., who finished third here a year ago.

Della Flora, after going 21 holes against Rand Newby of Erie, Pa., in the morning session, was an easy 4 and 3 victor over Dick Hauff of Chicago, the tourney medalist and odds-on favorite. Hauff's putter failed him in the afternoon round, and he was five down at the end of nine holes.

Borek, who will be 18 Christmas Day, took a one-up victory over Walt Thomas of Kansas City in the quarter-finals, while Burgoon, seventh last year, was a 2 and 1 winner over Dave Daniels of Columbus who won the tourney driving contest with a 258-yard blow.

60 Candidates Vie for Upper Grid Positions

UPPER SANDUSKY — Football practice for the 1954 edition of the Upper Sandusky High School Rams, with a total of sixty candidates, was slated to start today at the Harrison Smith park practice field.

Head coach Leo Strang and assistant Fenton Wolfe will be in charge of the backs and centers during the first week of practice. Reserve coach L. V. Ebenhack and freshman coach Don Drabus will supervise the practice of fundamental for the guards, tackles and ends.

Returning lettermen include backs, Dave McClain, Dan Patchet, Dennis Gerber, Roger Boyle and Larry Obee, and linemen Bob Graham, Bill Stephens, Jim Motter, Larry Swihart, Don Long, Dave Miller and Jon Grundtisch.

The season will open with the Rams at Mansfield, Madison for a non-league contest. Northern Ohio League games will include Galion here Sept. 24; Willard here, Oct. 1; at Bellevue, Oct. 8; at Shelby, Oct. 15; Bucyrus here Oct. 22; at Tiffin, Oct. 28 and at Norwalk Nov. 5.

Final game of the season will be the traditional clash between the only high school football teams in Wyandot County, the Rams and the Carey Blue Devils, Nov. 12 here.

Ezzard Charles won 42 amateur fights and lost none. He then decided to turn pro.

Lawrence Heads List

Three Rookie Pitchers, Haddix Aid Cards' Staff

ST. LOUIS (AP)—Three rookie hurlers, plus veteran Harvey Haddix as the backbone, could form the nucleus of a top-flight corps of starting pitchers for the St. Louis Cardinals next season, something they have missed in 1954.

Brooks (The Bull) Lawrence, 29-year-old Negro who has compiled an 11-5 record since coming up in mid-June, heads the list.

The other two are Gordon Jones, 24, who has been with the club about two weeks, and Ralph Beard, 23, who came up with Lawrence.

Jones turned in an eight-hit performance yesterday to defeat the Milwaukee Braves in 10 innings 2-1. His bid for a shutout was spoiled in the ninth.

Jones has allowed nine runs—only three of them earned—in 24 innings of work for an earned-run-average of 1.13. He has appeared in four games, three as a starter, and has a 1-1 record.

Lawrence, who got his nickname through his ability to pitch with little rest, has appeared in 23 games for the Cards, 19 as a starter. His won-lost record places him second on the current staff behind Haddix's 15-9.

The Bull, who has beaten all other teams in the league at least once, has pitched 97 1-3 innings while allowing 36 earned runs for an earned-run mark of 3.32.

Beard, although he is yet to chalk up his first victory against two defeats, has turned in able performances during his nine appearances for the Cards.

He has pitched in 44 innings, allowing only 15 earned runs for an ERA of 3.06. Only 12 home runs have been hit off the trio.

The Card hitters have carried their share of the load this year but ineffective and spotty pitching has the club mired in sixth place in the National League.

Burke Holds Lead In Links Tourney

FORT WAYNE, Ind. (AP)—Jack Burke Jr. of Kiamesha Lake, N. Y., led a closely packed field of money players into the second round of the $15,000 Fort Wayne Open Golf Tournament today.

Burke, who is second in total winnings on the pro circuit this year, yesterday shot 34-32—66, six pros and two amateurs were bunched within four strokes of him.

At 67 were Glenn Teal of Jacksonville, Fla., and Jerry Kesselring of Kitchener, Ont., two players far down the list of money winners. There were six at 68, seven at 69 and 13 at 70.

The 68 group included Pete Cooper of Jacksonville and Rudy Horvath of Windsor, Ont.

The 69 bracket included Jimmy Clark of Huntington Beach, Calif., the 1952 Fort Wayne winner, Art Wall Jr. of Pocono Manor, Pa., the defending champion, had 70.

TIGERS STOP DOBY

NEW YORK (AP)—If the other clubs were able to pitch to Larry Doby as effectively as the Detroit Tigers, the Cleveland Indians probably wouldn't be leading the American League. Doby is batting only .224 against Detroit with 13 hits in 58 at bats.

Bill McGinnis, a star 230-pound tackle from Latrobe, Pa., is entering West Virginia University. He will major in business administration, minor in physical education.

3 Matches Remain In Perry Shooting

CAMP PERRY, Ohio (AP)—Civilian and armed forces sharpshooters today begin firing the three remaining matches of the National Rifle and Pistol Championships' high power rifle tournament.

Leading the field of 85 entrants was Army Chief Warrant Officer R. F. Schroeder of Oxford, Ala., who had 294 points yesterday out of a possible 300 in the tournament's service division.

In the match rifle division, Capt. Louis J. North of Columbus, Ga., led with the same score.

The high power tournaments end tomorrow with firing for the President's Cup. Champions in each division are determined on the basis of cumulative points scored in six contests.

Gomez Defeats Phils, Protects Giants' Margin

By BEN PHLEGAR
AP Sports Writer

The "History of the 1951 Pennant Race" became required reading for the Milwaukee Braves today.

Written into the annals of the National League by the New York Giants, this remarkable record provides convincing and recent proof that baseball miracles are possible.

Although firmly believing they are the new team of destiny, the Braves could use a little solid encouragement. They lost two out of three games to St. Louis, including a 2-1 10-inning thriller yesterday, and now trail New York by 5½ lengths.

Even now, however, they are much better off than the Giants were at this stage three seasons ago. Milwaukee still could do it all alone, without depending on a collapse by either the Giants or Brooklyn.

It could work this way. The Braves have five games left with the Giants. They've lost five more than the Giants. A sweep of the five would cancel out the New York lead. The Braves and Brooklyn play six more times and the Braves have lost only two more than the Dodgers.

In 1951 the Giants trailed Brooklyn by seven games as late as Sept. 1. They were still six games behind in the losing column on Sept. 20. Only a complete Dodger collapse in the final week paved the way to the playoff.

The Giants, apparently back in good health after a critical slump, won their third in a row, 5-0 over Philadelphia. Brooklyn again had to hustle for a 7-5 verdict over the hustling Pittsburgh Pirates. Cincinnati took two from Chicago, 7-0 and 6-3.

In the American League, Detroit and Cleveland split a twin bill. The Indians won the first game 4-3 but lost the nightcap 8-2, ending a nine-game winning streak. The Yankees whipped Philadelphia 8-5 for their 10th straight and Chicago edged Baltimore 4-3.

Cleveland now leads New York by 2½ and Chicago by 8½.

Boston jumped ahead of Washington in their private battle for fifth place with an 11-6 triumph. Ted Williams broke his string of 17 hitless times at bat with a single and a double. He also walked four times.

Ruben Gomez tamed the Phillies on seven hits and received home run support from Davey Williams, Ray Katt and Bobby Hofman.

The last-place Pirates refused to fold, even when Brooklyn ran up a 7-0 lead in the first three innings on Gil Hodges' 32nd homer and a bases-loaded triple by Walt Moryn. Jerry Lynch, Preston Ward and Frank Thomas homered for Pittsburgh.

The Braves drew 48,057 to an afternoon ladies' day contest with the Cardinals, the largest crowd ever squeezed into County Stadium. Milwaukee came from behind with two out in the ninth to tie the score at 1-1. But a triple by Wally Moon and a long fly by Solly Hemus brought victory to the Cardinals in the 10th.

Bobby Feller won the 260th game of his brilliant career in the opener against Detroit with home run support from Vic Wertz and Dave Pope. The Tigers fell upon three Indian hurlers for 14 hits in the second game, including a three-run homer by Bob Nieman.

Baltimore ended Jack Harshman's string of scoreless innings at 34 by scoring three runs in the fifth but the White Sox held on for their one-run triumph, getting the winning tally in a two-run uprising in the eighth. Nellie Fox, who had a perfect day at bat with four hits, drove in the deciding run.

The Yankees got a late-inning scare from the usually docile Athletics, who knocked out Eddie Lopat with five straight hits in the eighth. But after scoring five runs the A's were checked by Johnny Sain. Philadelphia put two men on in the ninth with two out before Sain finished off by getting Elmer Valo on an infield grounder.

Hamilton Wins Richwood Race

Jim Hamilton drove his car to victory in the feature event at the Richwood Speedway last night. Hamilton nosed out J. L. Jones of Richwood for top spot. Joe Erwin was third and Chet Johnson of Radnor fourth.

Jones walked away with honors in the first race with Walt Hamilton of Richwood second and Clyde Looney third. Dick Britton of Marysville led the drivers in the second event with Gene Goodard of Marysville second and Chet Howard of Mt. Gilead third.

Johnson came home first in the third event with Charles Wilcox of Richwood second and Joe Erwin third. Wilcox showed the way in the winners handicap with Howard second and Johnson third.

In the first consolation, it was Dick Baughman of Belle Center crossing the finish line first. Jim Hamilton was second and Glen Skinner of Prospect third. The race had to be restarted when Roy Lyons rolled over on the first lap. He was uninjured.

Truman Redinbaugh captured the second consolation with Bob Brown of Delaware second and Dick Bollinger of Marion third. In this event, Ed Douglas spun out of the north turn and was hit by Don Hoon of Bucyrus, Hoon going on and hitting the guard rail and forcing the race to be restarted. No one was injured.

Speedway officials today announced there would be no races the next two Tuesday nights but strictly stock cars will continue to run on Thursday nights. The Richwood Fair is sponsoring strictly stock car races on Labor Day, Sept. 6, at Richwood.

Struthers Beaten In VFW Tourney

HERSHEY, Pa. (AP)—Elgin, Ill., and Winnsboro, La., today moved into the finals in the Veterans of Foreign Wars national teener baseball tournament here.

Elgin upset Uniontown, Pa., 6-4 and Winnsboro scored a mild upset in downing Struthers, Ohio, 5-3 in a game called at the close of the fifth inning because of rain yesterday.

Elgin will meet Winnsboro Saturday for the national title.

Indians, Police Tangle For City Teen Crown

The Marion Indians and Fraternal Order of Police squads tangle tonight at Lincoln Park in the deciding game of the three-game series for the city Teen League championship.

The final game of the Baseball for Boys season here is scheduled for 8 p.m.

The Indians deadlocked the best two-out-of-three-game series last Saturday night with a 3-1 decision in 10 innings over the FOP team. The FOP squad a week earlier had captured the series opener, 6-3.

Score Sets Record for Strikeouts

By The Associated Press

Lefty Herb Score, a 21-year-old Indianapolis fireball pitcher, established an all-time American Association strikeout record last night by fanning 12 Columbus Redbird batters to total 269 strikeouts for the season.

Charles Henry Berger of Columbus set the old mark in 1906 with 264 strikeouts in 361 innings. Score recorded his in 207 innings.

Despite the young southpaw's efforts last night, Columbus knocked off the league-leading Indians, 2-1.

Score, who allowed three hits, had a one-hitter going into the ninth and was leading on an unearned run he had scored himself. Then he fumbled Mo Mozzali's grounder and threw wild to first, Mozzali taking third. Mo scored on Hal Smith's single.

This was followed by an error by Stan Pawloski on a double play attempt that opened the door for the winning run on a hit by Wally Lammers, scoring Smith.

Kansas City edged Charleston, 1-0, behind the combined efforts of Tom Gorman and John Kucab.

Ray Moore hurled a six-hitter to lead St. Paul to a 4-2 victory over Toledo.

A pinch homer by Ray Mueller in the last of the seventh gave Minneapolis a 5-4 decision over Louisville.

BETTER THAN BEER?

can it be?

Try Carling's Red Cap Ale

...and see!

At Carling's we brew both beer and ale—and each is mighty popular. But more and more people are telling us Carling's Red Cap Ale gives them more pleasure than any beer they ever tasted. They say it's light and dry as the smoothest beer, yet with that extra flavor—that "heart" which only a fine ale can provide! They call it the "light-hearted" ale.

Tonight, why not try it? See whether you are one of those who find Carling's Red Cap Ale tastes even better than beer!

50 Years Ago It Took Three Weeks To Go From New York to St. Louis in a Car

This statement was made last week on a nationwide radio announcement. Not only did it require three weeks to make the trip, but the driver had to do practically all of his own repairs. His tires were good for about 3,000 miles. Today some people get 40,000 miles from their tires. In our modest way we have helped many men and women to get better service and more mileage from their cars because of our expert repair service.

Olson Remains Choice in Title Bout

Alligator, Tag Match Seen at Local Armory

The team of Gino Angelo, Rip Hawk and Tommy Nylon were winners over Hill Billy Willie, Lefty Pacer and French Roy in the six-man tag team match last night in the wrestling program at the Marion Armory.

The losing team took the first fall when Willie mule-kicked Hawk in 18 minutes for the pin but the winners came back to take the next two falls.

Gino won the second fall by pinning Willie with body slams in 12 minutes. Walt Robison caused some commotion during the fall when he turned his pet alligator loose in the ring.

Nylon won the fall for his team when he slammed Frenchy in 14 minutes.

Hill Billy Willie was winner of the first match on a disqualification: Rip Hawk failed to break at the count and Willie was awarded the match in 11 minutes.

Castellani Gets Chance in TV Ring Feature

By BOB MYERS

SAN FRANCISCO, Calif. (AP) — Middleweight king Carl (Bobo) Olson of San Francisco lays his world championship on the line tonight and is a solid favorite to retain it in a 15-round match with the nation's leading challenger, Rocky Castellani of Cleveland.

The bout will be nationally televised and broadcast by NBC, with the San Francisco area blacked out of the TV picture.

The show goes on at 9 p.m., EST, at the Cow Palace.

The balding, 26-year-old Olson captured the middleweight crown from Randy Turpin of England in 1953, turned back the threat of Kid Gavilan in Chicago last April in one of his greatest fights, and he hasn't been beaten in his last 15 bouts.

The last time he was beaten, in fact, was in a bid for the title against Sugar Ray Robinson here in his adopted home in 1952.

Castellani, at 28 a seasoned ringman without much of a punch—less, in fact, than the champion, who is not famous for chilling his foes—has not been whipped in 10 straight matches. He was last defeated in 1953 by Pierre Langlois.

Olson and Rocky have had 62 professional fights apiece, each has lost five, and both tuned up for this title struggle by belaboring a young man named Pedro Gonzales. Rocky won a decision; Bobo ended the matter in four rounds.

Olson has been guaranteed $120,000 by Rocky's manager, wealthy Al Naiman of Cleveland. Rocky will get 60 per cent of anything over the net above that sum.

The match will be scored under California's system of 11 points per round. An even round is scored 5½-5½. A good margin might be scored 7-4, and a genuine knockdown 8-2.

Kluszewski One Back Of Mays in Home Runs

NEW YORK (AP)—Slugging Ted Kluszewski was only one behind the New York Giants' Willie Mays in the National League home run race today with a spurt of seven in his last nine games.

The Cincinnati first baseman drove out his 36th in the second half of yesterday's doubleheader against the Chicago Cubs. Mays has hit only one homer in his last 18 games.

Winning Run in Ninth

Mac's Loses Softball Crown To Victory Nine 2-1 at Galion

Mac's Trading Post of Marion failed in its bid for the sixth district softball title last night when it dropped a 2-1 decision to Victory Market of Mount Vernon in the tournament final at Galion.

Victory Market scored once in the ninth for the win, its second straight over Mac's after being beaten in earlier play by the Marion team.

Ralph Johnson hurled the winners to victory, giving up four hits. Bud England was touched for two hits by Victory Market.

The winners scored first, netting a run in the fourth on a hit but Mac's came back to knot the score with a tally in the seventh on a pair of hits. The winning run came about on a walk, hit batsman, infield out and hit by Dunk Miller. Victory Market's previous run resulted from a hit by John Carr and a wild pitch later in the frame.

Mac's scored its lone run when Doc Reed led off the seventh with a hit and Carl Harbolt followed with another. Ed Morse was thrown out, catcher to first, and then Reed scored on a wild pitch.

Morse and England slammed out Mac's remaining hits.

Sporting an unbeaten tourney record, Mac's previously lost, 1-0, in 14 frames to the Victory Market nine this week and forced the district finals into the second tilt. Mac's had defeated the same team, 4-2, in a previous tournament contest.

Front Page

By George Sokolsky

The "London Times" has probably saved the British Empire by publishing "want ads" and similar trifles on its front page, keeping the important news for page five or six. Perhaps that is why Sir Winston Churchill and not Aneurin Bevan is prime minister. If this is logic, make the most of it!

SOKOLSKY

The struggle for space on Page One of the principal newspapers of this country has turned many a sober, decent statesman into a burlesque actor who sees an opportunity to become a national figure by doing things that ordinarily would revolt his sensibilities.

It was Sen. Kefauver, the great reformer, in association with Rudolph Halley, the man with the nasal lisp, who made televising a congressional hearing the greatest show on earth.

THENCEFORTH, the statesmen who exhibited themselves on that show were known to millions of citizens who had never heard of them before.

They became front page news and having seized so glorious a position, they continue to cultivate it to what they believe is their advantage.

One of the main objections to Joe McCarthy is that he manages to hold space on Page One, come what may. If he does not make what seems to be startling news about himself, his enemies do it for him.

If he does not stir up excitement over a "Fifth Amendment Communist," or the conduct of Gen. George Marshall, his opponents accuse Joe McCarthy of such grievous improprieties that they, the improprieties, vie with our defeat in Indochina, a murder or two, and several kidnapings — and Joe comes out on Page One. Not even an FBI arrest of several Communists takes Joe off the front page. There must be a reason.

-:-

OTHER SENATORS are grieved by this monopoly and weep in their sleeves over it. They try their hardest to do something which will push Joe off Page One and only too often they fail. Exactly why they care is beyond me because it is a fact in political history that some of the quietest members of the Senate have been the most often elected. Perhaps it is coming home to Mrs., and hearing her say:

"That Joe McCarthy! How does he manage to grab Page One! And, you work so hard and only get into the 'Congressional Record.'

"And the pictures they take of Joe McCarthy and his lovely Jeannie!"

It is a fact that some of the committee chairmen, who feel that their work is at least as important as Joe McCarthy's, if not more so, are miserable at the failure of the Washington reporters and the columnists to pay any attention to them. They do not even distort things about them; they do not even attack them.

The left wing press does not notice and the right wing press cannot spell their names correctly. They are the forgotten important men of the nation — and they hate it.

For the White House press agents, congressional grabbing of front page space is always a pain. They generally feel that they are entitled to all the space in the newspapers that may be allocated to the government.

-:-

ROOSEVELT SET the fashion of space-grabbing and since his day, which is not as remote as it seems to be, the White House handout has become a problem to those whose business it is to condense or distort or slant what is to be printed. Much of it has to be thrown away, particularly the stuff that comes from the various departments of the government.

Many officials know that and arrange to say what they have to tell from the White House steps in the hope that that will make it important.

Surely, if one uses an adding machine or a slide rule or whatever one needs to compute such data, it would be found that since Eisenhower became President, McCarthy has had more Page One space than anybody. And it must bother those who want the space for themselves.

Even the wisest of men cannot solve this problem because as long as Joe or anybody else is hot news, the front page will be his.

Imagine what space Joe will get should he be censured and he goes into the states of his enemies and beats out their brains with their own records!

Atomic Front

By Gen. L. R. Groves

(Victor Riesel is on his way home from Europe. Today, while he is en route Lieut. General Leslie R. Groves, wartime head of the Manhattan Project is substituting for him as guest columnist.).

—:—

The "atomic front" is fluid—not stationary. New developments come faster and faster every year. We must constantly appraise these new factors and reappraise our overall attitude toward the world problems atomic energy so greatly affects. We must revise our military outlook and techniques.

1. The era of "total war," last experienced in the Middle Ages, has returned. Many well-established military theories have become obsolete, now that there are weapons available that can severaly damage a country's military effectiveness with a single blow. Major wars will no longer be won with bayonets.

2. Total war will involve entire populations, not just men in uniform. There will be no non-combatants.

3. We possess weapons that can knock out extensive industrial areas, as well as vital military installations, at a single blow. So does our enemy.

4. This involvement of civilian populations imposes new responsibilities upon people who may not wear uniforms. Factory workers and their supporting population will, in effect, be on the "fighting front."

-:-

WE HAVE HEARD a great deal about the "massive retaliatory power" that is to serve as a deterrent against the enemy striking at us—in other words, a threat of reprisal that will make the enemy's risk too great.

We have not heard so much about our second and equally important means of defense! This is the dispersal of our "home front," so that one strike or a series of strikes not only will fail to knock us out but will not even seriously impair our military effectiveness.

To me, each of these points seems to be of equal importance If we can make our enemies understand that we have the ability to destroy anyone who attacks us—no matter how fearful the first blows aimed against us may be—we will have the basic deterrent to war.

In addition, if by defensive measures we can make a knockout blow impossible, we will have protection against unnecessarily large casualties in any atomic attack.

How can we achieve these things?

Our major objective should be to prevent war from occurring; and our next objective must be to win if we are attacked.

The logical way to prevent war is to make our enemy realize that it would be suicidal for him to start one. We can do this by convincing him that we will destroy him if we are attacked, no matter how much of a surprise the attack may be.

-:-

IF RUSSIA KNOWS she cannot hope to dominate Europe and Asia —that she would be destroyed if she tried — we could be free from the threat of war.

The H-bomb is no different, except in degree, from the A-bomb! It is bigger, and more destructive. The A-bomb created the new philosophy of war; the H-bomb merely expanded it.

It is this "expansion" that must concern us, because it involves what we have come to know as "total war." The A-bomb and the H-bomb have brought war potentially to the doorstep of everyone living today.

Atomic weapons can be brought within range of our coastline, or exploded in our harbors, or even be placed in key spots around the country.

Our defense against this kind of attack is more difficult than against open assault. One of the important things we can do is to disperse our industries and our centers of population so there will be no key points of vulnerability.

Few important military items are not to some degree produced in large factories. Our goal should be to make it impossible for a single enemy bomb to destroy more than ten per cent of the production of any one military item. We cannot do this if we continue to build enormous production plants and continue to concentrate them in the environs of large cities

And while we are talking about disperson, let us not forget that we can lessen danger to millions of Americans if we disperse our population and our industries.

-:-

BY "DISPERSION" I do not mean the creation of host cities. What I urge is that when more production capacity is needed, instead of expanding old plants and building new ones in existing centers of population, these facilities should be removed to locations where they will be safer against atomic attack.

This requires the co-operation of government — federal, state and local — and careful thinking on the part of management and a willingness on the part of the people to avoid crowding into already over-crowded centers of population.

A-bombs and H-bombs can be produced, transported and delivered on a target by an airplane or a rocket. Or they can be brought into harbors by surface vessels, or fired from submarines; or parts can be introduced into our country surreptitiously and then be assembled into bombs in this country.

A single bomb can destroy square miles of a city and can kill or injure people by the tens of thousands.

-:-

OUR OWN STOCK of bombs is adequate and is constantly increasing. The Russian stock is also increasing, although it is probably less than ours.

The only sound defensive measures are:

To avoid war — if possible — by making it too serious a risk for any enemy capable of waging atomic war.

To destroy his bomb carrying vehicles before they reach our boarders.

To disperse our people and our industries so that catastrophic results are avoided, if we are attacked.

I do not think we have to destroy the kind of life we have in order to survive. I think that if we take these problems in time—calmly, and without panic; realistically, and without fear — we can establish a defense that will be invulnerable to decisive attack, and a power of reprisal that will make attack virtually suicide for the aggressor.

Unhappy Whales

By Hal Boyle

VALLEJO, CALIF

Notes on the Mare Island Navy Yard Centennial:

Whales are sometimes a nuisance to submarines — but not nearly so much of a nuisance as the submarines are to the whales.

HAL BOYLE

For some reason whales, used to bossing the ocean depths for centuries, can't get it throug' their thick skulls that anything is as big and tough as they are.

"A whale always thinks he's got the right of way," said Capt. Duncan C. MacMillan, veteran pigboat commander. "He simply can't believe there is anything beneath the seas that he can't push out of his path."

The U. S. Navy policy generally seems to be to allow the whale the right of way when he is entitled to it. But if he tried to hog the road the submarine sticks to its course.

"In this type of collision the whale gets the surprise of his life," said Capt. MacMillan. "Submarines don't bruise easily."

—:—

SUBMARINER recruits learn on and how to fight at sea. The school here—the only one on the West Coast—has simulated sections of a real submarine in which the candidates can practice the split-second timing so necessary in these undersea prowlers.

"In three weeks we can teach a beginner how to man his station properly for diving and surfacing operations," said MacMillan.

The crews learn the art of battle by locating through their periscopes toy models of ships which are moved automatically across the floor above them. It is a game they play with an intense seriousness, and there is no joking among them as they work out the attack problems.

—:—

SINCE SUBMARINERS have to get along together for long periods in crowded conditions they must have steady temperaments under the strain.

How do they weed out potential psychiatric cases? One veteran give this solution:

"There's nothing to it. A candidate is simply asked whether, if he were stranded on a desert island, he would prefer to have his mother with him—or Marilyn Monroe. If he picks his mother, we don't pick him. Obvisouly he doesn't belong in a submarine."

—:—

SOME NAVY men dislike the term "Mothball fleet" and prefer to call it the nation's "insurance fleet."

The reserve fleet units stationed here — held in canned readiness for any future emergency — includes 32 submarines, 4 submarine tenders, and 3 destroyer escorts.

Among them is the USS Sea Cow, which, along with other subsurface raiders, sank 5,320,000 tons of enemy shipping during the last war — more than half the entire Japanese naval and merchant fleet strength. In the event of another war the Sea Cow and her sisters could be manned and put to sea within 30 days.

Is it worth the maintenance cost to keep so many idle ships in this state of readiness? The Navy feels it is.

It estimates that if the vessels here were scrapped it would take $890,000,000 to replace them. It now would cost $25,000,000 to build an ordinary fleet type submarine.

It takes $1,805,000 a year to maintain the 39 vessels. That includes overhaul and the salaries and upkeep of personnel. The Navy feels this is cheap insurance on $890,000,000 battle property.

Motel Planned on Site Of Jim Jeffries' Barn

BURBANK, Calif. (AP)—Plans to build a two-story, 100-room hotel on the Jim Jeffries barn site here were disclosed yesterday when the City Planning Board received a request for a zoning variance on the site

The property houses the famous barn built by the late ex-heavyweight boxing champion. The barn has been unoccupied since March 1953, but before that was used as a training gym for young fighters and a site for amateur matches.

SULKY CRASH FATAL

ZANEVILLE, Ohio (AP) — A 12-year-old pacer was killed and a sulky driver hurt yesterday during a collision at the county fairground's harness races. The horse, Douglas Bradford, received a broken neck when it ran headlong into another horse that stumbled. Kay Buel, 55, of Cronton, owner and driver of Douglas Bradford, was injured.

March of Dimes Profits By Company's Mistakes

Chicago (AP) — Workers at the Lion Manufacturing Co. have used a novel way to raise funds to fight polio. They've raised $50 already through "mistakes."

The employes sealed a cardboard box, cut a coin slit in the top and pledged to "pay up" every time they made a mistake—either in their work or grammatical errors in speech.

Air Chief Says U.S. Seeks To Avoid Conflicts

Preventive War Idea Is Hit by Gen. Twining At Gathering of Fliers

By VERN HAUGLAND
AP Aviation Writer

OMAHA (AP) — Gen Nathan F. Twining, Air Force chief of staff, said today the United States already has sufficient reason for war—"if we were seeking war."

'But this is a time for coolness as well as firmness, and a time for deliberation as well as for readiness," Twining told the Air Force Assn in a prepared address

Seeks To Avoid Clash

The grey-haired air leader said that while the United States must and will defend itself and its Allies from attack, it seeks to avoid rather than to provoke incidents

"Our fingers are not heavy on the trigger and we hope for peace," he said.

'We will not even consider the idea of preventive war There is a military argument against it, as well as sound moral and political arguments"

Earlier Robert Murphy, deputy under secretary of state, said the Cold War appears to be entering a new phase—a lull in Soviet-directed action.

Murphy told the Air Force Assn a "new reluctance' of the Communist bloc to undertake military adventures may be encouraging 'even though an occasional Red Chinese general or commissar may indulge in bombast about taking Formosa"

He said it could be the Reds are merely trying to lull the non-Communist world in order to divide it —or it could be Soviet leadership has realized the folly of recklessly challenging the determination of America.

Rep Cole (R-NY) chairman of the Joint Atomic Energy Committee told the association Soviet air-atomic power is increasing at an unexpected and appalling rate and the task of building an effective continental defense may well represent 'the greatest and most difficult national security problem ever faced by our country"

Earlier the AFA had urged that a "line of aggression" be drawn and that Soviet Russia be attacked with nuclear weapons if she crosses it

The organization of almost 40 000 air power enthusiasts — largely veterans or members of the Air Force — also called upon the executive department, the Defense Department and the Congress to "take immediate steps to insure that our retaliatory force is speedily built to and maintained at proper levels of effectiveness"

The expression came in a policy statement adopted by the association's annual convention several hours after it had been presented by the AFA directors

The statement read by retired Gen George C Kenney, AFA president, said U S policy must "clearly define nuclear weapons as legitimate and conventional instruments for resisting aggression"

It said in the event of any future Communist aggression the 'basic sources of military strength behind" that aggression must be attacked

"We do not attempt to say at what point men of good will are justified in reaching for their guns," the statement said

But we do believe, in the interests of both peace and freedom that the line of aggression must be drawn and the issue joined"

3 Yugoslav Youths Ask West Asylum

NUERNBERG, Germany (AP) — Three Yugoslav youths evaded fellow students here yesterday and asked U S military police for political asylum from their homeland s Communist government.

They were part of a group of 40 Yugoslav students that has been touring Germany.

American authorities said as the group arrived by train in Nuernberg, the three broke away and dashed to a military police office in the station The group leader and fellow students tried to drag them back but the MPs intervened

The trio was turned over to Army intelligence officers for questioning.

Four Juveniles Nabbed In Thefts of Bicycles

Theft of three bicycles resulted in the arrest of four Marion juveniles Thursday afternoon.

The quartet, two 10 - year olds and two 16-year olds first stole two bikes from the rear of the YMCA building, then went to the residence of Richard L Curran at 540 Girard Ave where they forced open a garage door and took the third bike

They were taken into custody a short time later with the three bikes still in their possession The two bikes taken from the YMCA were owned by Eddie Cooper of 753 York St and Don Schults of 868 Merkle Ave, police reported

The four youths were cited to appear before Juvenile Officer Virgil Campbell prior to possible filing of charges against them in Juvenile Court

Schreiber in close pursuit

The younger boy slugged the girl again while she was struggling with Schreiber then ran away

Schreiber pulled out a knife and stabbed her twice Afterwards he raped her and went home for lunch, officers said

The sheriff said Schreiber s arrest came after he got a telephone call from a woman who chose to remain unidentified The woman said the boy had told his mother Mrs Paul Schreiber he had killed a girl, the sheriff said

Detective Sgt William Barber and Sgt William Sloan, who went to arrest the youth, said Mrs Schreiber told them she had been conscience-stricken since hearing her son s confession but didn t know what to do with the information The detectives said Mrs Schreiber quoted her son as saying the day of the slashing

'I just killed a girl, I stabbed her twice"

Police described the lad as "rather odd-acting' but said he apparently never had been in any trouble before and he seemed to be an average student at school His father is a warehouse worker.

Living Cost Up, Million To Get Increase in Pay

WASHINGTON (AP)—Higher food prices, attributed mainly to drought conditions sent the government's living cost index up slightly in July It was the third straight month of rising costs and will mean a penny-an-hour pay boost for about one million workers in the auto aircraft and farm equipment industries

The Bureau of Labor Statistics reported today that its index for July was 115 2 per cent of the 1947-49 living cost average This is just two-tenths of a point under the record reached last October

Workers who will get an automatic pay rise have union contracts tied to the index These workers took a cut of a penny-an hour last April because of living cost declines

The BLS said higher prices for fresh fruits and vegetables owing to dry weather in the East and Midwest caused the July living cost rise

Food prices in the Far West were actually lower There were no drought conditions in that area to interfere with the usual summertime fruits - vegetable price decline

BLS said prices were lower for apparel, due to summer clothing sales and for new automobiles

There were slight cost increases in July for rents fuel, cigarettes and various services including medical care

The July figure compares with an index of 115 1 in June

Aryness Joy Wickens acting commissioner of labor statistics declined to guess what the living cost index for mid August would be, but said food prices generally decline in that month

Red Cross Unit Misses Blood Quota for City

The visit of the Red Cross Bloodmobile to the Osgood Co. yesterday resulted in the contribution of 48 pints of blood by employes of the company and non-industrial donors. Quota for the visit was 150.

Of the total number, 14 were from the Osgood Co., and 10 each from the Commercial Steel Casting Co. and Marion Metal Products Co. branches.

Mrs. Gladys Arter, vice chairman of volunteer services for the Marion County Chapter of Red Cross was in charge. The physicians who assisted included Dr. J. A. McGlew, Dr. Frank V. Murphy Jr., Dr. I. E. Michael, and Dr. R. L. Morgan. The registered nurses were Mrs. Martha Dasher, Mrs. Bertha Snyder, and Miss Esther Mautz; nurses' aids, Mrs. Ervin Porter, Mrs. Clarence Meister, and Miss Mary Heminger; canteen workers, Miss Elizabeth Ammann, Mrs. Harold Meister, Mrs. Owen Miller, Mrs. Emanuel Fogle, Miss Jessie Lindsay, and Mrs. Cloyce Taylor; Grey Ladies, Mrs. W. E. Smith, Mrs. Harley Lewis, and Mrs. Robert Graham; motor service, Mrs. Bernard Moloney, Mrs. J. N. Ritzler, and Mrs. George Houser; staff aids, Miss Mary Jo Stafford, Mrs. Margaret Darling, Mrs. Florence Mehaffey, Mrs. Elta Trickey, and Mrs. Helen Smith.

Next visit of the Bloodmobile will be Sept. 15 and 16 at First Presbyterian Church and at the Marion Engineer Depot, respectively. It is hoped there may be a greater effort to meet the quota at that time, Miss Lillian Plack, Red Cross chapter executive secretary, said today.

Kiwanis Hears Discussion on OSU Prospects

Joe Hill, Columbus TV Sportscaster, Gives Outlook for Season

Joe Hill sports director for Television Station WTVN, Channel 6, in Columbus and a sportscaster for the station was guest speaker at the Marion Kiwanis Club weekly luncheon meeting Thursday at Hotel Harding

Mr Hill formerly of Atlanta, Ga , came to Columbus in 1942

Praises Hayes

He discussed the Ohio State football team plans for the team during the approaching season and its schedule for the season He praised Woody Hayes, coach of the team, and members of his coaching staff for the work they have done with the boys

The speaker told his audience he always believed football in the South to be rough but after moving to Columbus found that the teams which make up the Big Ten are really rough and top notch and are the best in the country

Hill discussed new talent which has been added to the team this year and also spoke of those of last year s team who will be missed From his association with the team and his attendance at practices, Mr Hill believes there will be improved line play in the Ohio State team this year

Hill spoke of the fact that most football fans have an overabundance of enthusiasm in regard to the right and wrong plays made by the team members But, he said we should stop to realize that the boys are only learning the game and then must go out before large crowds to play He added that it is only natural they should make mistakes

He pointed out that fans should express appreciation for what the boys do and offer less criticism of the coaching staff and the things they don t do.

Upholds Program

All amateur sports are tremendous developers of the minds, spirits and bodies of the young people, Mr Hill pointed out He added that sports prepare them for the future life

Athletics has been a prime factor in our American way of life second only to religion

Visiting Kiwanians from the Columbus Downtown Club attending the meeting were Leo Kletzly, James Gaupp Rev Harold R Albert, Dr Frank Watson, William K Edmister 'Homer Gill, J. E Kinney, Rodger C Harris, G C Baker and Frank Schreick Other visiting Kiwanians were Carrol B Kerr of Grand Rapids, Mich , and Sheridan T. Walker of Mount Gilead

Guests included John Geer, Charles Kincade Thomas Smith, John Guthrie, James Wahl Alan Kay Denzer and Roger Denzer.

Florida Child, 10, Purchases Piano, Pays 50 Cents Daily

ST. PETERSBURG, Fla. (AP)—For weeks 10-year-old Dora Maus pressed her nose against the window of a piano store here and admired a piano.

Finally, Dora, a pert little blonde, walked into the store and told the owners she wanted that piano and would make payments of 50 cents a day on it. It was a deal and she made the money by selling newspapers.

After she had paid $40, the piano company gave her the piano. The manager's wife, Mrs. Lee Gable, even agreed to give her lessons.

That was two months ago. Today, Dora not only can play tunes but she also has become a teacher in her own right. She is teaching a friend, Penny Trecky, who already can play two songs.

CATHOLIC VETS MEET

CINCINNATI (AP) — The Catholic War Veterans now have a quarter-million members in 1,700 posts, says National Adjutant William L. Nemcity of Brooklyn. The organization, represented by almost 1,000 delegates, is holding its 19th annual convention here.

$112,641 Settlement Received in County

A total of $112,641 from intangible taxes has been distributed to the various subdivisions of the county, Marion County Auditor Maurice Clements reported. The money was derived from taxes paid by banks on bank deposits during 1953.

Townships received $11,264, villages and the Prospect Park Commission received $5,632, the city was given $56,320, and the county was allocated $39,424.

Townships shared in the $11,264 in this way: Big Island, $793; Bowling Green, $494; Claridon, $1,031; Grand, $253; Grand Prairie, $650; Green Camp, $567; Marion, $2,066; Montgomery, $771; Pleasant, $1,042; Prospect, $826; Richland, $761; Salt Rock, $448; Scott, $371; Tully, $617; and Waldo, $587.

Villages received these amounts: Caledonia, $928; Green Camp, $550; LaRue, $1,124; Morral, $653; New Bloomington, $408; Prospect, $1,311; and Waldo, $504.

The city of Marion was given $56,320, while the county's share was $39,424. Prospect Park Commission received $150.

IFYE Students Leave Wyandot Host Families

UPPER SANDUSKY — Four International Farm Youth Exchange students who have spent the last several months on Wyandot County farms, left this week for Wyoming where they will live with host families for another three months.

The four boys exchanged host families three times during their stay here. They also presented interesting talks about their country to various church, civic, and youth organizations.

They were Sudhakar Reddy, Jai Dev. Sharma, Krishan Dogra, and Shiv Narain Mathur.

Most Expensive Hat Making Tour of World

PHILADELPHIA (AP) — A $1,500 hat which the John B. Stetson Co. claims to be the world's most expensive, is making a good will tour around the world.

The hat, which left here today, is being carried in a specially designed, hand-tooled leather case and will make its first international appearance at Sydney, Australia. It took 43 skilled hat workers one year to plan and complete the hat.

Seated in the front row is Agnes Ettore, ballet dancer; seated in the second row are Dixie Fortner, Betty Massie and Jeanette Reese, a vocal trio; and standing in the back row are Mary Jobe, accompanist for the trio, Allen Short, president of the club and master of ceremonies of the show, and Leo Savage and Sandra McCoy, dancers.

Mt. Gilead Filling Station Is Entered

MOUNT GILEAD — Morrow County Sheriff George Mosier is investigating a theft which occurred at the Fry-Zentler filling station here sometime last night or early this morning.

Entrance to the station was gained through a window at the rear of the building, located on the corner of W. High and W. Marion Sts.

A tool box and a quantity of cigarettes were reported missing.

Ike To Approve School Aid for Defense Areas

WASHINGTON (AP)—Communities with overcrowded schools near some 300 federal installations soon should be able to apply for money to finance new construction.

A spokesman for the Office of Education said today a release on new applications for school building money will be circulated once President Eisenhower signs a bill now at the White House.

The bill would extend the law authorizing federal aid to schools in areas where enrollments are swollen by the children of federal workers.

The President is expected to sign this bill in view of support from Commissioner of Education Samuel Brownell.

A delay of from three to four months in honoring applications is expected, however, as compared to other years.

This, said an Office of Education spokesman, is due to failure by this Congress to appropriate funds and a provision in the bill forbidding the use of any money left over from past appropriations.

"It probably will be mid-March," he said, "before we can start paying out on the new applications."

The Office of Education estimates that between 200 and 300 school districts in the nation will be eligible for this federal money.

NO LOSS IN FIRE

A cigarette or match accidentally tossed onto waste paper and cardboard boxes was blamed for a no loss fire at the rear of the Frank Brothers Store at 169 W. Cener St. last night. Central station firemen answered the alarm at 10:37 p.m. They reported the waste paper and boxes were stacked in an alley at the rear of the store and the fire caused no damage to the building.

Weather Outlook Pleasant in Most Sections of Nation

By The Associated Press

Showers were in prospect for scattered areas in the West, Midcontinent and South but fairly pleasant weather was the outlook for most of the country today.

Heaviest hit by rain yesterday were areas from the Plains States eastward to the Atlantic but falls generally were light.

Cooler temperatures accompanied the showers in the central Mississippi Valley and also in Oregon and northern California. It was a little warmer in the Northern Plains and in a belt extending from lower Michigan and Ohio to Delaware and Virginia.

Cooler air also invaded parts of Missouri and Kansas to break a brief heat wave. But it was again hot in Arkansas and Texas and most of the Southern Plains eastward through the South Atlantic States. Readings also were 100 and higher in the southwest desert region. It was cool in the Pacific Northwest.

Bible Words for Today

PSALMS 102 (103):8— "Merciful and gracious is the Lord, slow to anger and abounding in kindness." (Confraternity Version)

• • •

The theme of this beautiful Psalm is God's readiness to pardon the repentant sinner. One reason for God's mercy toward us is that, as our Creator, He is mindful of our weakness. "For He knows how we are formed; He remembers that we are dust" (V14). But more than that; He is a personal Creator, and therefore our Father. "As a father has compassion on his children, so the Lord has compassion on those who fear Him" (V13).

Our Savior, the eternal Son of God, gave a new and deeper meaning to this concept of the mercy of "Our Father in heaven" who is ever ready to "forgive us our debts." His parable of the prodigal son is the best commentary on this Psalm. As long as we return in repentance to our Father, firmly resolved not to offend Him again by sin, He welcomes us with open arms. The only unforgivable sin is despair of God's forgiveness.

Executive Secretary

MARIJUANA COST UP

MEXICO CITY (AP)—A dope peddler complained to police arresting him yesterday that Mexico's rising cost of living has boosted the price of marijuana cigarettes to two pesos—16 cents—each. Officials estimated this is a rise of about 10 per cent.

Tent Services To End Second Week at Park

Second week of the August Gospel Tent Crusade in Garfield Park sponsored by the Maranatha Bible Church is being completed with Rev. Charles Gray of Dennison, O., as the evangelist. Good attendance at the services is reported by Rev. Earl L. Holliday, Maranatha Church pastor, and an overflow crowd viewed the Billy Graham film, "Mr. Texas," Saturday night.

Mrs. Gray, wife of the crusade preacher, plays instrumental selections on the vibra-harp and musical cowbells each night and sings, and Rev. George Zinn of Moody Bible Institute at Chicago, Ill., is song leader and presents solos. Local musicians take part also. Children's meetings have been conducted each afternoon.

Rev. Gray's sermon tonight will be on "Scriptural Sanctification." Tomorrow night, the film, "This Gathering Storm," will be shown.

Final messages by Rev. Gray Sunday will include the morning sermon at 10:45 at the Maranatha Church. In the afternoon at 2:45 at the tent he will preach on "Why Protestants Call No Man 'Father'," and at 7:45, "Spiritual Darkness." Special features for the afternoon and evening will be harp numbers, and Rev. Zinn will sing.

Monday night, Rev. Mark Mitchell of Canton will take over the preaching and will continue the nightly services through Sept. 5. Rev. Zinn again will be in charge of music.

There will be a radio broadcast Monday through Thursday at 1:15 p.m. over Station WMRN from the Marion County Fair grounds. Rev. Mitchell and Rev. Zinn will be the speaker and the musican for these programs.

Cong. Bender Addresses Group in Ross County

CHILLICOTHE, Ohio, (AP) — November elections will show whether the nation repudiates President Eisenhowe's efforts to achieve a peaceful and prosperous world, Rep. George H. Bender (R-Ohio) said here yesterday. If Democrats gain control, he said it would mean two years of confusion and chaos.

Bender, Cuyahoga County congressman, is seeking election Nov. 2 to the unexpired term of Ohio's late Sen. Robert A. Taft. He addressed the Ross County Women's Republican Club here. His opponent is Sen. Thomas A. Burke of Cleveland.

Nebraska Woman 112

TECUMSEH, Neb. (AP)—Mrs. Betsy Baker of Tecumseh is 112 years old today.

Friends explained no celebration was planned because Mrs. Baker "just doesn't care for them."

"She says she has had enough birthday celebrations," they said.

YOUTH FORUM TOPIC

"Should the School Curriculum Deal With Controversial Issues?" will be the topic of this Sunday's Marion Youth Forum radio broadcasts. Moderator for the 3 o'clock program will be Harold Edwards, director of curriculum in the city school system, and Norman Fogt, principal of Taft Junior High School, will be a guest. Panelists will be: Karen Syster, Gaye Wise, Bob Knachel and Murray Leeper.

FAILS TO SHOW PROOF

WASHINGTON (AP)—The Federal Trade Commission held yesterday that an Ohio tomato growers cooperative failed to show that 24 tomato processing companies engaged in price fixing.

The complaint was made by members of Cannery Growers, Inc., with headquarters at Maumee, Ohio. It claimed the 24 were combining to boycott and destroy the firm.

Church Briefs From the District

At First Methodist Church in Richwood Sunday morning, guest preacher will be Rev. Mel Martin who is coming to the community to conduct an evangelistic crusade under auspices of the Richwood Ministerial Association at Memorial Field. The special crusade services will begin Sunday night.

—:—

Rev. Paul Judson Morris of Granville, Baptist denominational leader, will speak at the Green Camp Baptist Church Sunday morning on "The Loyalty of Jesus." He is executive secretary and director of the department of Missionary Co-operation of the Ohio Baptist Convention.

—:—

"The Upward Leading Highway" will be the sermon theme Sunday morning at the Nevada Lutheran Church. YTC rally and Talent Night will be held at the church Sunday at 8 p.m.

Paper Irked, No Phone Service for Two Weeks

MEXICO CITY (AP)—Ultimas Noticias, Mexico City's largest afternoon newspaper, complained in a front-page story yesterday that it hasn't had a telephone for two weeks.

The newspaper said it had reported the breakdown to the telephone company and every day had been promised quick action. But two weeks have passed without results, the paper said, and it is having "great difficulty" in covering the news.

Cardington Pastor

Rev. Emanuel Poppen

Rev. Emanuel Poppen of Columbus, Lutheran minister and denominational leader, will fill the pulpit of St. Paul Lutheran Church in Cardington Sunday morning. For many years pastor of St. John Lutheran Church in Grove City, he is a former president of the Ohio District, and was president of the American Lutheran Church 13 years. At present he is engaged primarily in writing, and contributes to the adult quarterly of the International Sunday School Lessons. Time of the worship service is 10:30. Rev. Theodore Partridge is pastor.

Family Reunions

SHARPE

The fifth annual Lloyd Sharpe reunion was held recently at Lincoln Park with 62 relatives present from Elmira, N. Y., Nashville, Tenn., Washington, D. C., Spencer, Mansfield, Akron, Marion and surrounding communities. A basket dinner was served at noon and a business meeting followed. Daniel Townsend was elected president, and Twila Gross, secretary and treasurer. Next year's reunion will be the second Sunday in August at the same place.

MOORE

The twenty-third annual reunion of grandchildren of David C. and Margaret R. Moore was held Sunday in the St. Paul Lutheran Parish House near Marion with 36 attending. Rol Knickle of Chicago, Ill., was elected President; Frank White of LaRue, vice president; and Mrs. Edna Kiris of Marion, secretary and treasurer. Others from a distance were from Bryan, Ada, Columbus, and Crestline. The reunion next year will be held at the same place.

GONKLE

Annual reunion of the Conkle family Sunday at O'Shaughnessy Dam near Columbus was attended by 75 relatives and guests. Families were present from Vinton, Columbus, Marion, Fostoria, Vanlue, Carey, Wellston, and Findlay.

Mixup Has 2 Families In Each Other's Home

OKLAHOMA CITY (AP) — Two neighboring families were surprised to learn they are living in each other's home.

The J. D. Fisher's have a deed on the house down the street in which the V. J. Chandlers live. The Chandlers, in turn, have the deed to the Fisher home.

City Clerk Earle M. Simon uncovered the strange situation when paving bills were mailed yesterday and is correcting the filing error.

Both families are satisfied with the home they thought they bought.

Registration Slated For County Entries In Talent Contests

Marion County drum majorettes, baton-twirlers, and strutters may register for the contest to be held at the County Fair by being present at the grandstand at 10 a.m. Saturday.

The local competitors will participate in a class by themselves, with trophies and medals going to the winners. The competition for the prizes in the baton-twirling contest will last from 9 to 11 a.m.

In the afternoon, a talent show, featuring vocal, instrumental, and dancing acts will be held at the Grandstand. Mrs. Dorothy Lovett announced today the talent show had been sanctioned by the National Talent Association of America.

All those who participate and receive either an A or B rating will be asked to join the National Association.

Tophies and other awards for both the talent show and the twirling contest will be given at 4 p.m. Saturday at the grandstand.

More entries were made today by groups from Mount Vernon, Richwood, and Mount Gilead.

Man Receives Jail Term in Attack on Woman and Son, 3

Duane G. McQuillen, 23, of 156 Lincoln Ave. was sentenced to 30 days in the Columbus workhouse and fined $200 and costs when he pleaded guilty to an assault and battery charge in Marion Municipal Court Thursday.

He was accused of attacking a woman and her son while she walked along Lincoln Ave. Tuesday evening. The woman told police she was walking in front of 258 Lincoln Ave. and heard a man following her.

When she stopped and stepped to the side to let him pass, he grabbed her three-year old son from her arms and shoved her to the ground, she said. She started to scream and he put his hand over her mouth, then ran away. McQuillen was captured by two other men, Charles Metz of 148 Baker St. and Leonard Metz of 258 Lincoln Ave., and held for the police.

In addition to the fine and jail term on the assault and battery charge, McQuillen was also fined $10 and costs on an intoxication charge, which fine and costs were suspended.

HURT AT CRAWFORD HOME

GALION—Albert Dunn of Galion was injured when he fell from a ladder while working at the Crawford County Home and Hospital Wednesday afternoon. Employed there as an attendant, Dunn was working in the store room. He fell to the floor, doubling his right foot under him. At City Hospital here where he was brought in the Volk ambulance at 4 p.m., x-ray examination showed a broken heel and torn ligaments.

TWO DRIVERS FINED

GALION—As the result of an automobile collision and argument, two brothers, Charles R. Taylor, 22, Galion, and Delmar L. Taylor, 20, of near Galion, were fined in mayor's court Thursday morning. The older brother was fined $15 and costs and given a five-day suspended jail sentence on a disorderly conduct charge. Delmar was fined $15 and costs, with suspended five-day sentence for disorderly conduct and reckless operation of his car.

Judge at Bucyrus Rules Jury Verdict In Action Too High

BUCYRUS—Ruling that the jury verdict of $5,200 awarded Michael Alkire, a minor of near Galion in a personal injury suit was "too large or excessive," Crawford County Common Pleas Judge John C. Carroll here Thursday reduced the verdict to $2,400.

Defendant in the case filed in September, 1951, and heard last April, was Charles Hoch, executor of the estate of Charles Hoch, late of Galion.

The plaintiff had asked $10,065 for alleged permanent injuries received when he was struck by a car driven by Hoch, near Galion, on Oct. 16, 1950.

Following the jury's verdict for the plaintiff for $5,200, a motion for a new trial was filed by attorneys for Hoch. No ruling was included by Judge Carroll on the new trial motion in his court docket entry, reducing the jury verdict by $2,800.

Lamneck Visits Marion

Judge John H. Lamneck of New Philadelphia, who is seeking to remain on the Ohio Supreme Court bench in the November general election, visited in Marion today.

The Tuscarawas County jurist had 24 years of continuous service on probate, juvenile and common pleas benches before being appointed to his present Supreme Court post by Gov. Frank J. Lausche last November.

Before accepting the Supreme Court appointment, Judge Lamneck served for nearly five years as Ohio director of public welfare.

Radio and Television

By JOHN CROSBY

An Expert on Schlongs

You know what a schlong is? If you have followed the careers of Ralph Edwards or 'Beat the Clock' or any other shows of that ilk you have seen a lot of schlongs. A schlong to end this suspense is a rather messy stunt. A contestant gets a pie in the face. The audience howls. That is a schlong.

J. CROSBY

Pies in the face may be the oldest gimmick in show business, probably antedating Euripides and naturally anything that festooned with age would wind up on television. Television has not only got its share of schlongs but it has already bred its own schlong experts, not the least of which is a man named Frank Wayne who with another man named Bob Howard devises all the schlongs for 'Beat the Clock.'

THE MOST MEMORABLE schlong ever devised by this pair involved a contest in which arrangement just loaded with chocolate cream pies. Then they got a husband and wife team of contestants and put the husband where the conveyor belt would slap pies in his face.

Idea was that the wife had to beat it across the stage, pick up an empty plate and beat it back to the conveyor belt to take each pie off before it squished in the face of her husband. According to their careful prior calculations Wayne and Howard figured the husband would get only about every eighth pie in the kisser.

It didn't work out that way though. The wife turned out to be a real sluefoot at getting across the stage and the husband got conked by 18 pies while the wife was struggling with the first one. It was a great deal in the annals of schlongs.

All of Wayne's schlongs are pretested in order to time them and also to make sure they won't maim some housewife from Nebraska. (So far as is known, no schlong has disabled a contestant on television yet. But then television is still young.) Stand-ins for the schlong pre-testings are hungry out-of-work actors who don't mind pies in the face and have been known to eat a bit of them while working.

WAYNE SELECTS the contestants eying them carefully for stamina, durability and sunniness of disposition. (Some day — you mark my words — a schlong expert is going to slip up on his character evaluation and pick a contestant who will catch the pie and hurl it right back at Ralph Edwards. That will be a great day in the annals of schlongs, too.)

Once Wayne picked a couple that looked just right for an athletic-type schlong, something that involved a lot of running around. They looked well-coordinated and reasonably intelligent or at least as intelligent as contestants ever get. Just as they were about to go on the woman asked, "Does it matter if you're just a little bit pregnant?" That eliminated her.

Besides Beat the Clock, Wayne who has worked for the Goodson and Todman empire for four and a half years without getting a single ulcer, both writes and acts in those little skits which are designed to puzzle the panelists on It's News to Me. Wayne reads all the papers for possible stories, then writes four or five 30-to-60 second skits which are meant both to get some laughs and provide the panel information.

IN THE COURSE of this work he has played bookies, fighters, dozens of Russians (he's a master at dialect), little boys — 'At my size (six-foot two and 220 pounds) that's not easy' — a woman Tarzan and a pigeon. That last was a story about the city of Philadelphia buying an electronic device to keep the pigeons from City Hall. Wayne played the part of a pigeon being indignant about the whole thing. The costume company had pigeon costumes all right, but Wayne is so big that it took three pigeon costumes to make one pigeon out of him.

Wayne has been in show business for 29 years, playing vaudeville, night clubs, stock and just about everything but ten shows. I was curious to know whether his present odd jobs satisfied him.

Well' said Wayne 'I live comfortably. My family has the things they need. It's not fancifully high but I make a damned good income. I buy my home. My son can go to a good school. I enjoy my work. I like moving. I've a chance to perform every week to keep my hand in. I'm basically a fun-loving guy and get a lot of fun out of what I'm doing. I'm interested in what's going on in the world and I can keep up with that. And I'm not even breeding an ulcer."

Church Trustees Ask Fair Ruling in Defiance Dispute

DEFIANCE, Ohio (AP)—Officials of St. Paul's Methodist Church here have asked for a non-Ohioan to preside over the church's quarterly conference to insure "fair and impartial consideration."

They asked the president of the North Central Jurisdictional College of Bishops at Madison, Wis., to appoint a non-Ohioan for the session. The president is Bishop H. Clifford Northcott.

The dispute started last June when the church's former pastor, Dr. Joseph C. Richards, turned in his credentials as Methodist Minister, claiming Bishop Hazen G. Werner assigned him a new church at a $4,000 a year salary cut. Most local church officials supported Dr. Richards.

The letter said if either Bishop Werner or District Superintendent Kenneth S. Lee try to preside at the conference the group does not feel it will receive "fair and impartial consideration."

Recently Bishop Werner's office announced three new trustees of St. Paul's Church had been elected illegally and not according to provisions of the Methodist rule book.

Son Seeks To Extort $60 From Lima Father

TOLEDO, Ohio (AP)—FBI officials here have disclosed an alleged attempt by a 21-year-old youth to extort $60 from his father in Lima, Ohio.

The son, Lawrence Allen Wagner, was picked up in St. Louis after his father, Orville D. Wagner, 44, received a threatening letter. The son was charged with extortion.

According to the FBI, the letter instructed the father to send the $60 to the boy's mother, now living in St. Louis, so she could make payments on furniture.

Hebron Ex-Mayor Short In Funds, Rhodes Says

COLUMBUS, Ohio (AP)—State Auditor James A. Rhodes today reported a shortage of $5,100 in accounts of Delbert E. Garver, former mayor of Hebron.

Garver resigned as July 31 because of ill health. Dispatches from Newark said he was bound over to the Licking County Grand Jury on a charge of embezzlement.

Rhodes said state examiners returned findings of $1,064 for an audit period between June 29, 1951 and last April 11. He said the mayor paid the findings June 10.

Before a report of the first examination was typed, Rhodes said a second audit revealed a new and larger shortage.

NO IMPROVEMENTS

MILWAUKEE (UP)—A group and seven others signed petitions of intent to erect "the finest one-family residence in the city" on a plot here. But neighbors were unaware and officials wished to preserve the area's rural atmosphere. So they refused to issue a sidewalk in front of the lots. Result: their homes. Eugene C. Straub

We Certainly Are Proud Of Our Son. He's Doing A Fine Job As A Young Businessman.

A newspaperboy's parents are proud of their son, and it's no wonder they are.

They feel the responsibility he is developing . . . the lessons he learns in modern business methods of service, selling, collection, and bookkeeping are benefits only an ambitious boy is ready to enjoy. They are proud of the fine example he sets for other boys with his dependable service to the community.

The nation's civic, business, and educational leaders agree with newspaperboys' parents, too. Hundreds of unsolicited statements endorse newspaper route training and substantiate the pride newspaperboys' parents feel as they watch their son become a successful young businessman.

Watch your newspaperboy. He's on the road to success.

N.Y. Stock Quotations

NEW YORK (AP)—The stock market climbed in cautious trading today.

Aircrafts, steels, metal mining and rubber issues provided the upward momentum for the market. Chemicals and distillers were fairly firm, too. The rest of the market was narrowly mixed.

Trading started at a fast clip with aircrafts and selected motion pictures in demand. The pace soon slowed, however, and movie stocks became irregular. By early afternoon, steels were in the spotlight.

Bethlehem Steel and Youngstown Sheet & Tube, reported negotiating merger terms, attracted ready buyers.

Climbing issues included Republic Steel, U.S. Rubber, Montgomery Ward, United Aircraft, Zenith, American Telephone, Homestake Mining, Vanadium, Climax Molybdenum, Louisville & Nashville and Standard Oil (NJ).

Somewhat lower were International Harvester, Radio Corp., International Telephone, du Pont, Hilton Hotels, and United Air Lines.

NOTICE OF ROAD IMPROVEMENT IN PLATTED LANDS OUTSIDE A MUNICIPALITY

Notice is hereby given that following the filing of a petition signed by more than fifty-one (51%) per cent of the owners of abutting real estate whose holdings would be specially assessed therefore, the Board of County Commissioners of Marion County, Ohio, have determined to improve the following described road without a municipality.

Carolyn Drive in Wheeler Addition, Marion Township, Marion, Ohio, beginning at the Center line of Harding Highway East to the Center line of Holiday Drive, a distance of approximately 1990 feet.

The compensation, damages, costs and expenses of said improvement have been apportioned to be paid in the following manner, to-wit: All the compensation, damages, costs and expenses including the costs and expenses of the engineering and inspection of said improvement shall be specially assessed according to benefits upon the real estate abutting upon said improvement, as provided by Section 5589.02 of the Revised Code of Ohio.

Copies of the surveys, plats, profiles, cross-sections, specifications and estimates for construction of the said improvement, as prepared by the County Engineer of Marion County, Ohio, are now on file in the office of the Board of Commissioners of Marion County, Ohio, for the inspection of all persons interested therein.

Objections to said improvement and claims for compensation for land to be taken or damages to be sustained on account of the construction of said improvement will be heard by the Commissioners of said Marion County, Ohio, on Monday, August 23rd 1954, at 1:30 p.m., in their office in Marion, Ohio, and unless such claims are filed in writing with the said Board of Commissioners on or before the time fixed for said hearing the same shall be waived except as to minors or persons under disability.

By order of the Board of Commissioners of Marion County, Ohio, dated August 12th 1954.

W. S. Guthrie, Clerk
Board of County Commissioners
Aug. 13,20,1954.

STEVE CANYON By Milton Caniff

MIZZOU, I THOUGHT YOU WERE FED UP WITH THIS PERMA-FROST PARADISE! WHY DID YOU COME BACK?
MY TROUBLE HAS ALWAYS BEEN TOO MUCH CONSCIENCE! I JUMPED A CONTRACT—SO I CAME BACK TO WORK IT OUT! AND WHAT BRINGS CANYON TO THE FUR NORTH?
GOOD PAY FOR BUSH PILOTS.
WHAT HAPPENED TO THE DREAM DOLL YOU WERE GOING HOME TO MARRY WHEN I SAW YOU LAST?
NO DEAL!...SHE HAD OTHER PLANS...
THAT SOUNDS LIKE—THERE'S LOTS MORE TO THE STORY, BUT DON'T ASK ME, OR I MAY TELL YOU!... OKAY, BLUE BOY—SHALL WE DANCE, DINE OR DALLY, TO TAKE YOUR MIND OFF YOUR LOST LOVE?

Sanitary Precautions

LINCOLN, Neb. — (UP) — Commonsense sanitary precautions can curb the spread of many livestock diseases carried by farm-to-market trucks, according to a University of Nebraska animal pathologist, Dr. S. W. Alford. Hog cholera, shipping fever, swine erysipelas, anthrax, brucellosis, tuberculosis, black leg, vesicular exanthema in swine and many other threats to livestock such as ticks are included among the transferable diseases.

Alford said that thorough cleaning, washing and disinfecting of trucks are the important things livestock haulers can do to help prevent spread of disease.

Federal Monopoly Relaxed

Private Atomic Energy Industry Set To Expand

By SAM DAWSON

NEW YORK (AP)—The infant private atomic energy industry is ready today to take its first steps.

They won't be giant steps at once. But now that the government is relaxing its monopoly a little, businessmen and industrial scientists believe they can speed the peacetime use of the atom with those special tools of American business-ingenuity, enterprise and competition.

One fine day, they say, will see electric power coming from the atom for commercial use, food preserved by the atom, medical care improved, boats and maybe trains and planes powered by it, and innumberable industrial products made better and more cheaply thanks to the atom's by-products.

First To Feel Effect

Industrial research and experimentation will be the first to feel the faster tempo and get the first corporate expenditures. Concerns already in the field are expected to increase their spending now that they'll have at least a chance of coming up with something to show for the expenditure.

And even the scientists won't wager a guess as to what new wonders atomic research may be on the verge of uncovering

The government is going ahead with its tests of five different variations on how to produce electrical energy, using nuclear materials as the fuel. The first government - inspired plant is planned near Pittsburgh and others will follow.

Now industrial scientists will get a chance to try out some of their own ideas on this—if their preliminary research can solve enough of the cost problems to convince their boards of directors to permit the use of the needed funds. Commercially built atomic power plants may get beyond the blueprint stage in a couple of years, industrial scientists predict.

May Be Costly at First

These first plants may not be so cheap to operate as those using the conventional fuels. But many industrial leaders have held all along that the only way to solve high cost problems is to build and operate atomic power units, experimenting and learning every step of the way.

That's a costly method, and one that corporations won't take unless there's a chance to profit in the long run.

Opponents of private atomic power have contended: 1. It's too costly for private concerns to undertake; and 2. The fruits of atomic discoveries should accure to the public.

So far, industry has been getting most of its benefits from the by-products of atomic piles. Radioactive tracers are used in the fields of medicine, agriculture, food processing to increase knowledge and improve methods. The tracers help measure metals, discover inner flaws, or improve alloys and mixes. They speed research in chemicals. They clock the flow of oil through pipelines. They are already credited with saving industry millions of dollars each year.

No End in Sight

Gains along these lines are reported almost every week, with no end in sight.

Private industry also has been experimenting and researching in the atomic power field for some time, under permits from the government. It' in this field that the biggest gains may be made in the near future.

Hundreds of companies supply parts used in the government's nuclear reactors Other hundreds furnish tools and materials used with the radioactive tracers. Atomic consultant and engineering firms were springing up to aid private industry even before congress relaxed the atomic energy law.

It may be an infant industry—but even at birth the private atomic industry is a lusty one.

Party Certain To Fight

Early Court Test Likely On Anti-Communist Law

By JAMES MARLOW

WASHINGTON (AP) — Congress acted in haste when both houses yesterday passed a bill to deny the Communist party legal privileges and force its members to register with the government. The bill goes now to President Eisenhower to be signed into law.

Because it was whipped together so fast, government lawyers, who will have the task of making it work if the President signs, must think it through to determine exactly what it means and how they shall proceed under it. They cannot say precisely now.

In the preamble to this legislation Congress declares the Communist party is part of a conspiracy to overthrow the government by force and therefore "should be outlawed." Nowhere else does Congress say the party is outlawed or that it must cease to exist.

—:—

IN THE DICTIONARY meaning of outlaw—"to deprive of the benefit and protection of law"—the Communist party is outlawed, at least in so far as federal laws are involved. The legislation says the Communist party or its successors under any other name are not entitled to "any of the rights, privileges and immunities attendant upon legal bodies . . . ."

But what rights, privileges and immunities does the party lose? No one available would attempt to give a complete list.

Under this bill the party could not put candidates on the ballot in any federal election. And the party could not make contracts where federal laws were involved or sue in federal courts. That much seems clear.

What is less clear is what rights, privileges or immunities it might have under state laws. One lawyer, who followed this legislation closely, said that while Congress could keep the Communist party candidates off federal ballots it could not tell states what parties could appear on their state election ballots.

—:—

IT SEEMS A safe bet the party will fight this legislation all the way up to the Supreme Court, or try to, on the grounds it is unconstitutional. But if the party loses there and folds and later reappears under another name, will the government have to go through another long court fight to prove it's the same old Communist party? That can't be said now.

The party may have to fold anyway before it ever gets up to the Supreme Court on this legislation of yesterday because, before then, another law, already on the books, the McCarran Internal Security Act of 1950, may have proved effective in smashing the party.

That act requires the officers and members of the Communist party to register with the federal government if the Subversive Activities Control Board, after hearings, decides the party is a Moscow tool. The board, after long hearings, made that finding and ordered registration.

—:—

AS WAS TO BE expected, instead of registering the party went to court, protesting that the McCarran Act is unconstitutional and therefore the party members should not have to register. The Supreme Court is expected to give the final answer on this next spring.

If the court rules against them, it would be a crime for the party leaders and members not to register then. But the leaders already have indicated they would never register. They could be jailed and fined if they didn't.

If that fate overtook them while they were fighting yesterday's legislation in the courts, they'd no doubt have to abandon the latter.

So there is plenty of machinery for hampering and hamstringing the party, at least until the Supreme Court speaks. But just what this legislation can do to help the government in dealing with individual Communists is not clear at all. It's doubtful that it adds much.

—:—

YESTERDAY'S LEGISLATION does not make it a crime to be a Communist—unless a member of the party knows its purpose is overthrow of the government. In bringing a Communist to trial under this legislation the government, therefore, would have to prove he knew the party's purpose.

But there is a law already on the books—the Smith Act, passed in 1940 — under which the government can prosecute Communists if it can prove they knew the purpose of their organization was forcible overthrow. The government already has started such action under the Smith Act. But the new legislation, because of certain language it uses, may mess up the government's use of the Smith Act.

Sales Tax Receipts Show Decline Here

A decrease of approximately $2,000 in sales tax receipts for the week ending Aug 7, 1954, in comparison with the similar period of last year, was chalked up by Marion County. Receipts for the week of this year were $17,128, while a year ago they totaled $19,273.

Likewise, in the state a decrease of $182,124 was reflected for the 1954 week. Receipts for this year's week were $2,971,246, while a year ago they amounted to $3,153,370.

Receipts for the week ending Aug. 7, 1954 in surrounding counties, with 1953 figures in parentheses, were: Crawford, $12,079 ($12,542); Delaware, $7,759 ($6,660); Hardin, $6,913 ($6,772); Morrow, $2,376 ($2,307); Union, $4,278 ($5,079); and Wyandot, $5,403 ($4,353).

Strike End Seen Near At Mound Laboratory

DAYTON, Ohio (AP)—A management spokesman said he believed the Monsanto Chemical Co. and the United Chemical Workers, CIO, today are near a settlement of the week-old strike at Mound Laboratory at nearby Miamisburg, Ohio.

Union representatives could not be reached for comment.

Chemical Workers Local 420 originally asked an hourly wage increase of 18 cents across the board and a 15-cent hourly "escalator" item in fringe benefits. Current scales were not disclosed.

Negotiations have been in progress since July 15.

Some 100 workers have picketed the plant on a 24-hour daily basis since the strike began Aug. 13.

Taxi Driver Waits 2 Hours in Vain for Owner of Jewels

NEW YORK (AP) — Taxi driver Fritz Morris spent a hopeful two hours yesterday waiting for the lady who left $25,000 in jewels in his cab, but she didn't show up.

Last Tuesday Morris found the bagful of gems and turned them over to police.

Mrs. Abraham Scheer, wife of a Fifth Avenue store executive, established ownership. Police property clerk Frank Leuci told her to come to his office at 2 p.m. yesterday to pick up the jewels.

Morris was there too, until the office closed at 4 p.m. without the woman appearing. There has been no indication what reward, if any, he will get.

Morris, told he would be called after another appointment was made with Mrs. Scheer, said it was too late to go back to work and added:

"It looks like I'll have to lose two days pay."

On the Record

The end of the second session of the 83rd Congress has been in sight since the end of July. It now is in reach. There is no visible obstacle to adjournment this weekend. Everything the members of Congress wanted to get "on the record" finally is there, plus some things they would have preferred to keep off the record.

The impressive bulk of The Congressional Record for the session that began last Jan. 6 already has exceeded 14,000 pages at the beginning of this week, exclusive of the Appendix, which was in excess of 6,000 pages. More than 2,000 pages will have been added since Aug. 1.

The accretion of Congressional Record material since Jan. 6 had been considerably less than an average of 2,000 pages a month. The accelerating rate of the Record's growth toward the end of a session merely reflects the stepped-up rate of debate and the stepped-up rate of publishing information introduced into the debate as evidence and becoming, therefore, an integral part of the legislative record. For example, the text of the proposed Atomic Energy Act of 1954 occupied 28 full pages in The Congressional Record for Aug. 16 — the first official text made generally available.

While it always will be true that much of the Congressional Record is concerned with sound and fury signifying nothing, even that is indispensable prat of the legislative record in a representative democracy.

When the final edition of proceedings and debates of the 83rd Congress, second session, is published early in September, it will round out the latest chapter in the world's most significant experiment in deliberative government.

Formosa Would Do It

A British Information Service bulletin on Formosa, issued earlier this month, contains statements by Prime Minister Churchill and opposition leader Clement Attlee on policy concerning this strategic island. Both men agree that Nationalist Chinese control of Formosa should be continued, barring new circumstances. The new circumstances may now be developing.

The United States takes the position that Nationalist Chinese control of Formosa should be continued under any circumstances. President Eisenhower and President Truman both have said clearly this country would fight an invader, meaning Communist China. Since Chinese Communist leaders recently have threatened invasion, the question of defending Formosa is no longer academic.

Formosa could be the means of joining the issue between the United States and Communist China. When that is understood, it becomes easier to understand wherein lies the dynamite in the question of granting U. S. diplomatic recognition to the government of Communist China.

At Cairo in 1943, the United States and Britain told Chiang Kai-shek that China should have restored to it all territories stolen by Japan, including Formosa. Today, Chiang claims to be head of China. But mainland China is living under a Communist regime headed by Chou En-lai. Chou's regime claims Formosa is being held illegally and against its will by Chiang.

Recognition of Chou's regime as the official government of China is recognition, in effect, of Communist China's claim to Formosa. That is why the United States cannot recognize Communist China; it intends to do everything in its power to keep Communist China out of Formosa, even if it must go to war.

Savagery for Kicks

The same confession has been made by hundreds of American youths who have been picked up by police for questioning about savage attacks on men, women and children — that they abused and even killed their fellow human beings "for kicks." The latest instance is a confession by four teen-agers in New York City this week that they had murdered two men, horsewhipped two young girls and beaten up two other men since July 29.

They had no motive. They had neither the hope nor the realization of gain. They did not even know the victims of their savagery. There was no provocation, no anger, no triumph—just sordid barbarism. The "savages," moreover, could not be blamed on lack of material privileges, sometimes a solace to Americans trying to rationalize reversions to barbarism. Their families lived in ordinary circumstances.

Something was lacking, however — something to make their children want to adopt the behavior of civilized men instead of a code of wanton and ruthless cruelty. Theirs was a reversion not only to primitive savagery but to the absence of morality that preceded savagery itself. It was an adoption of violence for the sake of violence, a denial of everything men must not do if they are to be men instead of beasts.

The dilemma raised by savagery among juveniles is not abstract. It is not something perplexing only to the residents of distant places and distant lands. It is a problem for Americans in America — in every community in America. What is the source of the blankness, the boredom the absence of soul and feeling that causes youngsters to practice wanton cruelty against their fellow men "for kicks'?

Innuendo Technique

By David Lawrence

Democrats Indifferent to 'Mitchellism'

Maybe a new word has come into the political dictionary — "Mitchellism" — and perhaps it ought to be spelled with a small "M" for, as Truman says about such words, they represent a technique rather than anything personal.

"Mitchellism" means making a speech which charges the President of the United States with dishonesty in the conduct of his office and accuses him of "guilt by association" with individuals who play golf with him—if they happen to have business affiliations.

Adlai Stevenson denies that Stephen Mitchell did "attack the honesty of the President." Since Mitchell is chairman of the Democratic National Committee, it would appear to be up to Stevenson, as titular leader of the Democratic party, to draw up any resolution of "censure," so to speak, in order to achieve that form of party discipline which the so-called "liberals" have at times urged Eisenhower to exert upon the national chairman of his party..

-:-

MITCHELL'S WORDS are to be found in a prepared speech issued in advance of delivery before the annual meeting of the American Bar Association, where the nation's best lawyers congregate. They usually understand the explicit meaning of words and innuendoes. Here is Mitchell's exact statement:

"In my view, giving away the people's property is corruption even if it's done brazenly in broad daylight. Money doesn't have to change hands in little black bags, as in Teapot Dome days.

"Let's look, for example, at the Dixon-Yates scandal. Here was a deal to grant a subsidy of 14 million dollars to a favored power syndicate, on the President's personal order, over the protest of the Atomic Energy Commission, and the TVA without competitive bidding. A director of one of the two companies in the favored syndicate is one of the President's closest friends, with a cottage next door to President Eisenhower's at the Augusta golf course. Maybe they never even talked about it, I don't know."

Why, it will be asked, was the personal relationship of the President and Bobby Jones, the former national golf champion, dragged into the papers in this way? Nobody can doubt what the effect of the Mitchell innuendo was, when published from coast to coast.

-:-

IT WAS A SMEAR upon the integrity of the President. What a "sorry reward" for a man who has served his country so well through his life that now he is to be accused of dishonesty in public office by the man who runs the Democratic party's official machinery.

Denials will be of little avail. Chairman Mitchell has so worded his inference of guilt that the explanations "will never catch up with the accusations."

It will be interesting to see how many clergymen now will preach from pulpits about this form of "character assassination" and how many of the so - called "liberal" groups will now cry out about the wave of hate which nowadays has crept into the forums of public affairs.

As for the facts on the power contract made by the Atomic Energy Commission, there are two sides to the controversy. Sen. Fulbright of Arkansas, who is one of the most ardent of the followers of Stevenson, says the contract was awarded properly and not a bit of scandal was connected with it. He ought to know, as the power plant is to be built in his state and naturally he is thoroughly familiar with all its details.

As for a "subsidy," the question really was whether the American people would get less out of it by allowing the TVA — a government corporation which pays no federal taxes — to build the plant or by letting it be done by a private power company which pays taxes. In the end, more money, it is estimated, will come to the government through encouragement of private industry.

-:-

AS FOR THE Atomic Energy Commission's action, Mitchell doesn't reveal to his listeners and readers that some of the Truman appointees constituted a 3 - to-2 majority and raised some doubts as to what legal steps were necessary as there were no precedents to go by.

The matter was referred to the President, who, upon receiving legal advice, instructed the commission that it had authority to make the proposed contract.

Whether or not this was a correct action — and there is no persuasive evidence against it — the fact remains that the exercise of official judment should not be assailed as dishonest, nor should there be accusatory inferences about "corruption in broad daylight" and "little bags of money" where the acts of Dwight Eisenhower are concerned.

This, however, is "Mitchellism," which is strangely akin to "Trumanism," for it will be recalled that in the campaign of 1948 the then President made an analogous attack on the integrity of Eisenhower.

Strange how indifferent some of the Democrats can be about character assassination when they themselves are wielding the smear brushes.

Only a Pipe Dream

By TRUMAN TWILL

Some cute pictures to the contrary notwithstanding, I cannot believe women are really going to get serious about hitting the pipe. The cute pictures, I suspect, are posed by dolls who would be about as likely to gnaw on a plug of eating tobacco as they would be to fire up a ripened biar.

As a one-time user of the weed who worked all the angles but snuff, I think of the pipe as the best and worst of the lot. When the thing is sweet, mellow and drawing like a base burner on a zero night, you can't beat it. But it is not always sweet, mellow and easy on the draw.

Mostly it is bug-juicy, bobbly and stopped up like a stubborn drain in a country hotel. It gives off fumes more in keeping with a burned-over dump than a pipe dream. Its fire keeps going out like a gas stove in bad repair, with too much air in the gas.

The only way to keep it going, short of living near the Eternal Flame, is to own a half interest in a match company. It takes as many tools to service it as a plumber needs to fix a sink. Cutting out its heel when the thing starts to get gangrenous is the equivalent of a minor operation without anesthetic.

Moreover, as every diligent pipe smoker finds out, the only way to keep from being arrested as a public nuisance is to own a collection of pipes and spell them off from time to time while the over-trained ones learn to live with their own strength.

Chances are any woman who thinks it might be cute to puff like a little steam engine on a little smoke pipe never has known what it feels like to develop a blistered tongue and have the blisters turn into leather two days later.

She has no conception of the ingenuity that has gone into the design of tobacco cans and pouches, in an unsuccessful attempt to make these things manageable. She hasn't the slightest idea how many hundreds of matches it takes to stay on the pipe for a solid week, or what is going to happen to her tender kisses the first time she forgets to put in the charge before she applies the torch.

There is something else women haven't thought of either, you can bet. That is the noxious odors that surround any pipe worth smoking —odors that cling to it and permeate its structure like the belting aroma of a skunk with its original equipment intact.

Hunting dogs have been known to freeze in their tracks at a distance of a mile when a downward wind assailed their nostrils with the effulvium from a well ripened tobacco boiler. This is something the ladies had better take into consideration. The name of the aroma they are adding to their sniffertoires is not Passion de Nuit, Tiger Lily or Blossoms on The Water.

It is Stinkweed No. 73.

I am against pipe-smoking as a way of using tobacco. I am against women smoking pipes as a way of using tobacco. I'd rather see them eat the stuff than hit the pipe.

Or maybe take snuff, which is said to be even messier by those who have tried it that way, too.

Daily Bible Thought

"Are not five sparrow sold for two farthings and not one of them is forgotten before God. Fear not therefore, ye are of more value than many sparrows." — Luke 12:6, 7. Sparrows moult wing feathers in pairs, one from each wing. Otherwise they would be the prey of their enemies. God was not forgetful.

Sun Finally Sets

Reece Committee Gets Rough Treatment

By Raymond Moley

The House Committee on Tax-Exempt Foundations, headed by B. Carroll Reese of Tennessee, has had an exceedingly bad press, especially in some New York and Washington papers. The New York Times has been especially vehement.

I do not know how much care and research the editorialist on The New York Times devoted to this subject. But I submit that it seemed important enough to me to read the entire hearings of the committee from March to June, to talk at length with the capable chief counsel, Rene Wormser of New York, and to read every word of the hearings of the 1952 Cox committee on the same subject.

I might add that some time ago I served for four years as the executive director of a foundation and have, in years since carefully followed the activities of the major foundations, especially in the field of social science.

-:-

ON THE BASIS of this preparation I should like to comment seriously upon the four major points made by The New York Times and other critics.

Those criticisms were that witnesses in the public hearings made frivolous and unfair charges against some foundations, that the foundations were denied the right to answer those charges in public hearings, that the Cox committee in 1952 covered the subject adequately, and, by implication at least, that the Congress should not have instituted such an inquiry.

Of the many charges that some witnesses made against foundations some may well be irrevelent and impossible of substantiation. It is true also that some witnesses were most responsible people and made legitimate and serious criticisms of some foundation activities.

The hearings were terminated because Wayne Hays, a minority member, made orderly procedure impossible. In practically every session he interrupted scores of times with irrelevant speeches and insulting comments about witnesses and members of the committee. From time to time when called to order by the chairman he would threaten to terminate the hearings by walking out.

Reece was unable to maintain a quorum in such instances because of the almost continuous non-attendance of his two Republican colleagues. This behavior by Hays was, so far as I know, without a parallel in congressional hearings. But it was designated editorially by The New York Times as a "heroic" effort "to inject sanity and fairness into the committee's activities."

-:-

THE COX COMMITTEE barely scratched the surface of the subject. Its hearings were held in November and December, 1952, when Eugene Cox was a dying man. After his death the day before Christmas, a hurried report was written which was wholly without substance.

Since a foundation of the sort within the scope of this committee's inquiry enjoys a tax exemption, the money it spends is for the most part public money. Every dollar of its exemption must be made up for by the generosity of taxpayers. The public is entitled to periodic accounting of how this money is being spent.

The Reece committee has estimated that there are about 7,000 foundations in the United States, with assets of about 7.5 billion dollars.

This power is an immense and to a large degree a decisive influence in the whole field of higher education. It also reaches into the lower schools and into practically all private welfare activities.

Most of this vast influence has been good. The Rockefeller Foundation, to cite only one example, particularly in its earlier and major work in medical research and education and in public health, has been a mighty force.

-:-

IT HAS BEEN in the field of the so-called social sciences and modernized education that most of the mistakes of foundations have been made. For it is easy in such fields of human knowledge, where there are no truly scientific standards for guidance, to slip into unwholesome propaganda and political activities.

Other undesirable features have appeared. Some foundations have been mere tax-dodging affairs. Some have been narrowly conceived and dedicated to strange and useless ends.

Congress has a duty to check the operation of the tax - exemptions which it has granted and also to provide legislation to guide the Treasury.

The Reece committee, or rather a majority thereof, can well dispel much of the misapprehension created by its critics by producing a judicious and constructive report based upon the best that the public hearings produced and upon the written statements of the foundations themselves.

Marion County History Brevities

By EDNA S. DUTTON

The separating of the wheat from the chaff was a problem facing the early settlers of Marion county after they had harvested the grain. The threshing floor was often a cleared bit of ground, watered and tromped to a hard surface. Some threshed it out with flails while others would yoke up one or two oxen, chain them together and have them tramp it out. A strong wind was hoped for when time came for "winnowing." A strong linen sheet, in the hands of two men, was flapped vigorously to create a current of air near the ground, and a third man, with a scoop or other vessel, scattered the wheat and chaff before the "winnowing sheet." Despite the fatiguing work, which often wore blisters on the hands of the workers, the job was fairly well done and the wheat taken by ox cart to Mount Vernon to be ground into flour.

Not City Bred

FREEPORT, Ill. (AP) — A 120-pound buck deer wandered into town, leaped over autos, crashed through windows and even poked its nose into a tavern. It was so badly injured from collisions with buildings and store windows that it had to be destroyed.

Busy Oldster

QUINCY, Ill. (AP)—Ninety - year-old Herman G. Danhaus' prescription for old-age is "keep busy." Whenever he doesn't have any old jobs to do around his home, he splits kindling which he gives away. He can't use it because his house has a gas furnace.

It's the Heat

YORK, Neb. (AP)—Hot weather note:

Steam heating service for the business district will be discontinued in October, 1955.

Company Manager Harold Boehner told the city council that the cost of repairing mains and the distribution system could not be covered by income from the heating system.

Target Practice

By BILL VAUGHAN

Mae West, Sophie Tucker and Winston Churchill are still going strong, while Niagara Falls seems to be falling to pieces, so let's have a little less of this talk about how puny man is as compared with nature.

—:—

A physician warns against the time-honored method of resuscitating the drowning victim by rolling him over a barrel. Besides, where, in this day of canned beer, could you find a barrel around the beach?

—:—

It would have taken a real expert to predict, even a month ago, that, as the election nears, one of the most controversial political figures would be General Marshall's grandmother.

—:—

First it's the English up Everest, now the Italians conquering K-2, the world's second highest mountain. It would seem to be up to us Americans to build a plastic peak bigger than both of them and with a built-in escalator.

—

Today's vacationing youngsters may think they are living dangerously on water skis, but did they ever try to wind up an old-fashioned portable phonograph in a canoe?

The Once Over

By H. I. Phillips

Where Were You George?

"Overtime" and the "slowdown" marked the deliberations of George Meany, head of the AFL, in arriving at the conclusion that the organization's radio news broadcaster was slanting the news a little too much. The newscaster who, for several years has been "speaking for fifty million Americans," is out, and Mr. Meany in a public announcement declared "News should not be mixed with opinions. We could not be put in the position of putting on a colored presentation of the news." (Where was George during the years when the AFL newscasts seemed to millions to be doing just that?)

—:—

Night after night the AFL newscasts has seemed so one-sided that it would have surprised no listeners to hear bad weather attributed to foes of organized labor, devastating flood blamed on Ike Eisenhower and a bad auto accident put directly on the doorstep of big business.

We often tuned in after a sudden temperature change to see if the Chamber of Commerce would be held responsible. The newscast appealed to us as close to tops among all opinionated projections, and we never suspected until now that Mr. Meany, the president of the Federation, wasn't listening or had a defective radio set.

If he didn't know news was being "mixed up with opinions" for at least two years and only discovered this August that the Federation was being "put into the position of stating the news," George must have been "out to lunch."

—:—

The newscaster says he was not bounced but resigned because Mr. Meany's determination to separate news from editorial opinion constitutes "censorship." (Where have we heard that one before?) "In my opinion," the newscaster declares, "Mr Meany's ideas are an affront to the intelligence of millions of Federation members and other Americans." Wanna bet?

The way the AFL newcaster blamed almost any event from a bicycle spill or a Reno divorce to an elm tree blight or the disappearance of a whooping-crane on enemies of working people was an affront to their intelligence, their horse sense, their eardrums and their rigid belief that American workers have no enemies to speak of and are having it better than any laboring class on the face of the earth.

Incidentally, the public expects a newscast under the auspicies of any labor organization to be somewhat slanted, just as it would expect a newscast by the National Chamber of Commerce to give industry the best of it here and there. The trouble in this matter was that the slant was so complete even labor men and women groaned, we think.

The workers of a big auto company voted to take a pay cut to help it get back on to its feet the other day. The question is whether this marks the introduction of a new 1954 model working man or merely a temporary change in union management relations.

Roger Touhy notorious mobster, who got a couple of hundred years sliced off his sentence only to be flung back into the hoosegow after one day's freedom, spent that day fishing and without any luck. . . . (We think, however, that if Touhy went for the "big blues" he got 'em.) We wonder how gangster feels when fishing? . . . Does he "case" the river or bay? Does he fish at night by preference? Does he like the sound of the word "rod"? After he hooks into a big one does he snarl, "Now just do as I tell you and you won't get hurt"? Or does a wrongo become gentle and philosophic like anybody else when fishing, meditating sweetly on the wonder days of boyhood and wishing he could romp a field with a dog again instead of with a lawyer, or probation officer?

The Yankee baseball management dedicates the telecast to various groups of workers, as for example, the retail grocery men and women of America, the hotel workers, etc. It's a pretty idea, even cute, but the calciminers and paperhangers of America must feel neglected.

Fairy Jean Atha Becomes Bride of James D. Shifflet

The Morral Methodist Church was the scene of the wedding Sunday, Aug. 15, of Miss Fairy Jean Atha, daughter of Mr. and Mrs. Earl L. Atha of near Morral, and James Donald Shifflet. He is the son of Mr and Mrs. John Shifflet of Neff St. in Morral. Rev. Herman Secy, pastor, officiated for the 2:30 o'clock ceremony.

Baskets of white gladioli and lighted tapers in candelabra decorated the altar, and the family pews were marked with white satin bows. A program of music was given by Miss Jeannie Parker, pianist, and Mrs. Doreen Scott, vocalist.

—:—

THE BRIDE, given in marriage by her father, wore a ballerina length gown of white nylon net over satin. Over the lace bodice was worn a lace jacket with long sleeves ending in points at the hands. The skirt was accented with a lace inset. Her veil was caught to a crown trimmed with tiny pearls. She carried a colonial bouquet of white carnations, asters and other white flowers and her jewelry was a single strand of pearls and tiny pearl earrings.

Attending the bride as maid of honor was her sister, Miss Mary Atha. Her lavender gown had a strapless bodice with which she wore a net stole. Her colonial bouquet was of lavender and white asters and white carnations.

Gail Buckley of Morral served as best man for the bridegroom, and ushers were Jack Atha, brother of the bride, and Thomas Shifflet, brother of the bridegroom, both of Morral.

For her daughter's wedding, Mrs. Atha chose a peacock blue dress of rayon crepe with which she combined red and white accessories. Mrs. Shifflet was attired in a steel gray dress with navy blue and white accessories, each wore a corsage of white carnations.

At the reception held at the home of the bride's parents, the table was centered with a tiered cake encircled at the base with white and purple asters and greenery. Lighted candles completed the table decorations and arrangements of white gladioli were in the background. Serving were Mrs. Robert Shifflet, Mrs. Marvin Russel of Findlay, and Misses Carolyn Hite, Marie Arnold and Catherine Taylor.

Mount Gilead Council Plans Parking Ruling

MOUNT GILEAD — An ordinance concerning parking regulations was discussed when members of the Mount Gilead Council met this week.

The ordinance would limit parking in certain areas and establish loading zones. Several changes were made in the ordinance and it will probably be up for the first reading at the next meeting, Sept. 2. The next meeting was changed to Thursday night instead of Monday night because the regular meeting falls on Labor Day.

Bids for the drilling of a third well at the village waterworks site north of town were opened at a special meeting this week. No action was taken on the bids.

A resolution to hire a part-time clerk for the mayor's traffic court was passed. The clerk will take care of book work and will work about one day a week.

Members of the Council viewed the curbs between N. Main and N. Cherry Sts on North St. with the possibility of making needed repairs. Kendell Mansfield was present and the plat of his addition was approved. The addition is located south of E. Union St between Vine and Bank Sts. Mansfield said he expects to build seven homes in the addition.

Kenneth Graham was present in regard to a survey he made for the village for the laying of a sewer line on N. Delaware St.

STEVENSON SPEAKS FOR DOUGLAS. Adlai Stevenson (center) displays a lapel button in support of Senator Paul Douglas at a "Democratic Day" at the Illinois State Fair in Springfield. With him is Scott Lucas, former senator from Illinois. Douglas is running for re-election against Republican businessman Joseph Meek. Stevenson told the crowd that President Eisenhower "had subordinated his own views of national interest to party expediency."

Bucyrus Youth Sent to Lima State Hospital

BUCYRUS—Herbert Krauter, 19, of near Bucyrus, has been committed to the Lima State Hospital for 30 days observation by Crawford County Common Pleas Judge John C Carroll.

Judge Carroll said the commitment was arranged upon request for such action by Krauter, who has been held in the county jail here since June 4 awaiting grand jury action on a burglary charge. A physician and Prosecutor John D Sears Jr., also recommended the transfer. Judge Carroll reported. The youth, in a signed statement, said he believed he was mentally and morally ill.

Authorities said Krauter has been arrested several times in the past few years. Last spring he was released from the Chillicothe Reformatory, where he was serving time on an auto theft charge.

Krautter was arrested by Bucyrus police after a wild chase and charged with breaking into the Emmett Tupps farm, southwest of Bucyrus, and stealing some guns. He pleaded guilty at his arraignment here before Justice of Peace Robert C. Neff and was held to the grand jury. He was unable to furnish bond of $2,000.

Morrow Fair Ends Five-Day Stand Saturday

MOUNT GILEAD — Attendance for the first three days of the 1954 Morrow County Fair, which ends here Saturday night, was set at 6,356.

Compared to previous years, attendance is about average. About 10,000 persons usually visit the fairgrounds during the annual event. Rain and inclement weather are blamed for keeping attendance figures low. Yesterday, 2 003 persons attended during the day and another 1,541 in the evening.

Four races were slated for this afternoon, starting at 1:30 p.m. and tonight, Klein's Review was scheduled for the grandstand at 8 p.m.

Main event on the last day of the fair program will be the judging of the healthiest boy and girl in the county as part of the Junior Fair activities. Four more races are scheduled for Saturday afternoon.

During the racing program yesterday, in the last race, a 2:25 pace, Petite Lady, owned by Donald Westbrook of Ashley, broke a leg during the event and had to be destroyed.

INVENTED KIDNAP STORY

SPRINGFIELD, Ohio (AP) — Carl W. Rizer, 24, of Springfield admitted last night he invented a kidnap story this week after an argument with his wife, law enforcement officials said. Rizer said earlier he picked up a hitchhiker Monday who forced him at gunpoint to drive near Spring Hill, Tenn. Rizer returned home Wednesday night. Officers indicated they would file no false report charges against him.

School Board at Sparta Employs Superintendent

MOUNT GILEAD — Jess Short, 50, of Memphis, Tenn., has accepted a one-year contract as superintendent of the Sparta schools. Short replaces H. Ray Wagner who resigned to accept a teaching position at Caledonia.

Short is a graduate of the University of Arkansas and attended Union University. His most recent teaching experience was at Newburn High School, in Newburn, Tenn.

COOL FIGURES

SCHOHARIE, N. Y. (UP)—During a recent 92-degree hot spell, Schoharie County officials disclosed that it cost more than $127,000 to remove snow from county roads last winter.
